[A Child's Work](#) Jul 24 2019 The buzz word in education today is accountability. But the federal mandate of "no child left behind" has come to mean curriculums driven by preparation for standardized tests and quantifiable learning results. Even for very young children, unstructured creative time in the classroom is waning as teachers and administrators are under growing pressures to measure school readiness through rote learning and increased homework. In her new book, Vivian Gussin Paley decries this rapid disappearance of creative time and makes the case for the critical role of fantasy play in the psychological, intellectual, and social development of young children. *A Child's Work* goes inside classrooms around the globe to explore the stunningly original language of children in their role-playing and storytelling. Drawing from their own words, Paley examines how this natural mode of learning allows children to construct meaning in their worlds, meaning that carries through into their adult lives. Proof that play is the work of children, this compelling and enchanting book will inspire and instruct teachers and parents as well as point to a fundamental misdirection in today's educational programs and strategies.

[Enormous Changes at the Last Minute](#) Jul 28 2022 In *Enormous Changes at the Last Minute*, originally published in 1974, Grace Paley "makes the novel as a form seem virtually redundant" (Angela Carter, London Review of Books). Her stories here capture "the itch of the city, love between parents and children" and "the cutting edge of combat" (Lis Harris, The New York Times Book Review). In this collection of seventeen stories, she creates a "solid and vital fictional world, cross-referenced and dense with life" (Walter Clemons, Newsweek).

[Holding Back The Tears](#) May 14 2021 This is true story about real people is set in Edinburgh City and Dundee, where a petite Scottish Lassie called Rosie Gilmour, mother to Finlay Sinclair, receives news of the death of her son - who tragically has taken his own life by hanging. Rosie pretends her son is still alive by talking to him, for that takes away the unbearable pain of her loss. But once she begins to face up to the fact that Finlay is not coming back, her conversations become more of a challenge than she can handle. When memories of her past are triggered by everyday life events, they take her mind back and forth in time - back to her own childhood days in 1960, when she flirted with the fairground boys, and to the day she gave birth to Finlay - "ME LADDIE". Rosie's Scottish accent becomes more apparent whenever her emotions are heightened and she begins to recite poetry. She goes on to reveal doubts about her own self-worth and how she re-unites her role as mother - a role she had denied herself for seven years prior to Finlay's death. Rosie learns how to forgive herself and how to accept her loss with using practical coping strategies that sometimes but not always work for her. Many voices of different natures and walks of life appear in Rosie's, story with each one offering a part of their own belief to try and console her in her misery - except that she turns her back on any advice or support offered. Rosie is convinced that she can cope with her loss on her own and "needs no help from anyone, thank you" - until a sweet, gentle, soft-spoken voice begins to travel with her throughout her ordeal, leaving her no other choice but to listen. Eventually moving to the countryside in Angus, Rosie finds the isolation gives her life a new meaning offering her the opportunity to re-value her beliefs about her own self values and decides the time has come to give her son a memorial service and invite a chosen few dance companions whom she met on a regular basis in Edinburgh to honour this day. Rosie begins to accept she will never be the same person she once had been and shall never be again, believing now her journey through grief taught her many lessons making her a stronger and better person than she imagined she could ever be.

Mother Reader Nov 27 2019 The intersection of motherhood and creative life is explored in these writings on mothering that turn the spotlight from the child to the mother herself. Here, in memoirs, testimonials, diaries, essays, and fiction, mothers describe first-hand the changes brought to their lives by pregnancy, childbirth, and mothering. Many of the writers articulate difficult and socially unsanctioned maternal anger and ambivalence. In *Mother Reader*, motherhood is scrutinized for all its painful and illuminating subtleties, and addressed with unconventional wisdom and candor. What emerges is a sense of a community of writers speaking to and about each other out of a common experience, and a compilation of extraordinary literature never before assembled in a single volume.

Troublemaker Feb 29 2020 #1 NEW YORK TIMES BESTSELLER • An eye-opening, no-holds-barred memoir about life in the Church of Scientology, now with a new afterword by the author—the outspoken actress and star of the A&E docuseries Leah Remini: *Scientology and the Aftermath* Leah Remini has never been the type to hold her tongue. That willingness to speak her mind, stand her ground, and rattle the occasional cage has enabled this tough-talking girl from Brooklyn to forge an enduring and successful career in Hollywood. But being a troublemaker has come at a cost. That was never more evident than in 2013, when Remini loudly and publicly broke with the Church of Scientology. Now, in this frank, funny, poignant memoir, the former King of Queens star opens up about that experience for the first time, revealing the in-depth details of her painful split with the church and its controversial practices.

Indoctrinated into the church as a child while living with her mother and sister in New York, Remini eventually moved to Los Angeles, where her dreams of becoming an actress and advancing Scientology's causes grew increasingly intertwined. As an adult, she found the success she'd worked so hard for, and with it a prominent place in the hierarchy of celebrity Scientologists alongside people such as Tom Cruise, Scientology's most high-profile adherent. Remini spent time directly with Cruise and was included among the guests at his 2006 wedding to Katie Holmes. But when she began to raise questions about some of the church's actions, she found herself a target. In the end, she was declared by the church to be a threat to their organization and therefore a "Suppressive Person," and as a result, all of her fellow parishioners—including members of her own family—were told to disconnect from her. Forever. Bold, brash, and bravely confessional, *Troublemaker* chronicles Leah Remini's remarkable journey toward emotional and spiritual freedom, both for herself and for her family. This is a memoir designed to reveal the hard-won truths of a life lived honestly—from an author unafraid of the consequences. Praise for *Troublemaker* "An aggressively honest memoir . . . *Troublemaker* is the most raw and revealing Scientology memoir to date."—*Entertainment Weekly* "Leah's story is a juicy, inside-Hollywood read, but it's more than that. It's a moving story about the value of questioning authority and how one woman survived a profound crisis of faith."—*People*

Whether writing about the love (and conflict) between parents and children or between husband and wife, or about the struggles of aging single mothers or disheartened political organizers to make sense of the world, she brings the same unerring ear for the rhythm of life as it is actually lived. *The Collected Stories* is a 1994 National Book Award Finalist for Fiction.

I Like Stars Mar 12 2021 I like stars. Blue stars. Far stars. Shooting stars. I like stars!

Later the Same Day Apr 24 2022 Grace Paley's stature among writers of short fiction was established by her first collection, *The Little Disturbances of Man* (1959), and reconfirmed with the publication of *Enormous Changes at the Last Minute* in 1974. This new book, a selection from her work over the past ten years, is appropriately titled *Later the Same Day*: Paley's concerns, or themes, have changed only as much as life's constants change with the passage of time. Those characters familiar to readers of her previous volumes have grown older but are still deeply involved with their parents, their lovers and friends, and their children--the past, present, and future--and the welfare of the wider community. We meet the neighborhood druggist with his tale of familiar heartbreak and small-time bigotry ("Zagrowsky Tells"); a willful father in Puerto Rico who cannot accept the obvious loss of his child by kidnapping ("In the Garden"); a black woman who mourns the fact that her daughter, "born in good cheer," has become only "busy and broad" ("Lavinia: An Old Story"); a visitor from China whose concern is about the children, how to raise them ("The Expensive Moment"); a craftsman whose beautiful creation is stillborn ("This is a Story about My Friend George, the Toy Inventor"). The seventeen stories in *Later the Same Day* are marked by Paley's low-keyed humor, her rich but economical use of language, and her seemingly endless capacity for empathy. Their substance--the persistence of human and political concerns, despite practical pressures--subtly overwhelms less important matters.

The Boy on the Beach Mar 31 2020 Four-year-old Eli plays alone at the shore, inventing dramas out of sand and water. He is Builder, Fireman, Protector, and Scout, overcoming waves and conquering monsters. Enter Marianne and doll, Mother and Baby, eager to redefine Eli as a good father and homesteader. Their separate visions intertwine in a search for a common ground on which howling wolves and butterfly sisters can learn to understand and need one another. What can the richly imagined, impressively adaptable fantasy world of these children tell us about childhood, development, education, and even life itself? For fifty years, teacher and writer Vivian Gussin Paley has been exploring the imagery, language, and lore of young children, asking the questions they ask of themselves. In *The Boy on the Beach* she continues to do so, going deeper into the mystery of play as she follows Eli and Marianne through the kindergarten year, finding more answers and more questions. How does their teacher, Mrs. Olson, manage to honor and utilize the genius of play to create an all-inclusive community in which boys and girls like each other and listen to each other's stories? Why is Paley's fellow teacher Yu-ching in Taiwan certain that her children pretend to be kittens in order to become necessary to the group? And why do teachers in London see their children's role-playing as the natural end to loneliness in the school community? Rich with the words of children and teachers themselves, *The Boy on the Beach* is vintage Paley, a wise and provocative appreciation of the importance of play and enduring curiosity about the nature of childhood and the imagination.

Princesses, Dragons and Helicopter Stories May 02 2020 Stories and fantasy play engage all young children and help them to draw connections and make sense of the world. *Make Believe Arts Helicopter Stories* are tried, tested and proven to have a significant impact on children's literacy and communication skills, their confidence and social and emotional development. Based on the storytelling and story acting curriculum of Vivian Gussin Paley, this book provides a practical, step-by-step guide to using this approach with young children. Covering all aspects of the approach, Artistic Director Trisha Lee shows you how you can introduce *Helicopter Stories* to children for the first time, scribing their tales and then bring their ideas to life by acting them out. Full of anecdotes and practical examples from a wide range of settings, the book includes: Clear guidelines and rules for scribing children's stories, creating a stage and acting out stories How to deal with taboos and sensitive issues in children's stories How to involve children who are unwilling to speak or act Supporting children with English as an Additional Language Links to show how the approach supports children's holistic development Providing an accessible guide to an approach that is gaining international recognition, and featuring a foreword by Vivian Gussin Paley, this book will be essential reading for all those that want to support children's learning in a way that is fun, engaging and proven to work.

You Can't Say You Can't Play Aug 05 2020 Who of us cannot remember the pain and humiliation of being rejected by our classmates? However thick-skinned or immune to such assaults we may become as adults, the memory of those early exclusions is as palpable to each of us today as it is common to human experience. We remember the uncertainty of separating from our home and entering school as strangers and, more than the relief of making friends, we recall the cruel moments of our own isolation as well as those children we knew were destined to remain strangers. In this book Vivian Paley employs a unique strategy to probe the moral dimensions of the classroom. She departs from her previous work by extending her analysis to children through the fifth grade, all the while weaving remarkable fairy tale into her narrative description. Paley introduces a new rule--You can't say you can't play--to her kindergarten classroom and solicits the opinions of older children regarding the fairness of such a rule. We hear from those who are rejected as well as those who do the rejecting. One child, objecting to the rule, says, It will be fairer, but how are we going to have any fun? Another child defends the principle of classroom bosses as a more benign way of excluding the unwanted. In a brilliant twist, Paley mixes fantasy and reality, and introduces a new voice into the debate: Magpie, a magical bird, who brings lonely people to a place where a full share of the sun is rightfully theirs. Myth and morality begin to proclaim the same message and the schoolhouse will be the crucible in which the new order is tried. A struggle ensues and even the Magpie stories cannot avoid the scrutiny of this merciless pack of social philosophers who will not be easily caught in a morality tale. *You Can't Say You Can't Play* speaks to some of our most deeply held beliefs. Is exclusivity part of human nature? Can we legislate fairness and still nurture creativity and

individuality? Can children be freed from the habit of rejection? These are some of the questions. The answers are to be found in the words of Paley's schoolchildren and in the wisdom of their teacher who respectfully listens to them.

In a small Oregon fishing town, five very different women navigate these new barriers alongside age-old questions surrounding motherhood, identity, and freedom. And Gin is the gifted, forest-dwelling herbalist, or "mender," who brings all their fates together when she's arrested and put on trial in a frenzied modern-day witch hunt. Drug War Capitalism Aug 17 2021 Though pillage, profit, and plunder have been a mainstay of war since pre-colonial times, there is little contemporary focus on the role of finance and economics in today's "Drug Wars"—despite the fact that they boost US banks and fill our prisons with poor people. They feed political campaigns, increase the arms trade, and function as long-term fixes to capitalism's woes, cracking open new territories to privatization and foreign direct investment. Combining on-the-ground reporting with extensive research, Dawn Paley moves beyond the usual horror stories, beyond journalistic rubbernecking and hand-wringing, to follow the thread of the Drug War story throughout the entire region of Latin America and all the way back to US boardrooms and political offices. This unprecedented book chronicles how terror is used against the population at large in cities and rural areas, generating panic and facilitating policy changes that benefit the international private sector, particularly extractive industries like petroleum and mining. This is what is really going on. This is drug war capitalism. Dawn Paley is a freelance journalist who has been reporting from South America, Central America, and Mexico for over ten years. Her writing has been published in the Nation, the Guardian, Vancouver Sun, Globe and Mail, Ms. magazine, the Tyee, Georgia Straight, and NACLA, among others.

THE BOY WHO WOULD BE A HELICOPTER Jun 02 2020

Storytelling in Early Childhood Aug 24 2019 *Storytelling in Early Childhood* is a captivating book which explores the multiple dimensions of storytelling and story acting and shows how they enrich language and literacy learning in the early years. Foregrounding the power of children's own stories in the early and primary years, it provides evidence that storytelling and story acting, a pedagogic approach first developed by Vivian Gussin Paley, affords rich opportunities to foster learning within a play-based and language-rich curriculum. The book explores a number of themes and topics, including: the role of imaginary play and its dynamic relationship to narrative; how socially situated symbolic actions enrich the emotional, cognitive and social development of children; how the interrelated practices of storytelling and dramatisation enhance language and literacy learning, and contribute to an inclusive classroom

culture; the challenges practitioners face in aligning their understanding of child literacy and learning with a narrow, mandated curriculum which focuses on measurable outcomes. Driven by an international approach and based on new empirical studies, this volume further advances the field, offering new theoretical and practical analyses of storytelling and story acting from complementary disciplinary perspectives. This book is a potent and engaging read for anyone intrigued by Paley's storytelling and story acting curriculum, as well as those practitioners and students with a vested interest in early years literacy and language learning. With contributions from Vivian Gussin Paley, Patricia 'Patsy' Cooper, Dorothy Faulkner, Natalia Kucirkova, Gillian Dowley McNamee and Ageliki Nicolopoulou.

Fidelity Jan 10 2021 Just before her death in 2007 at the age of eighty-four, Grace Paley completed this wise and poignant book of poems. Full of memories of friends and family and incisive observations of life in both her beloved hometown, New York City, and rural Vermont, the poems are sober and playful, experimenting with form while remaining eminently readable. They explore the beginnings and ends of relationships, the ties that bind siblings, the workings of dreams, the surreal strangeness of the aging body—all imbued with her unique perspective and voice. Mournful and nostalgic, but also ruefully funny and full of love, *Fidelity* is Grace Paley's passionate and haunting elegy for the life she was leaving behind.
