**Silver Coin Pricing Guide, 1800-2000** Mar 20 2022 This is a guide for people who buy and sell silver coins—on eBay, on other Internet websites, at coin shows or coin stores, or elsewhere. It is intended for those who buy or sell coins based on their investment value, rather than their design or scarcity. This book displays the bullion value of silver coins for every world nation and year of origin between 1800 and 2000. An alphabetical listings of countries and denominations (and sometimes a simple addition), shows the base value of any common silver coin. This is vital information, because many current coin guides have not recalculated bullion values, and continue to estimate coin value based on silver prices from a time when it was worth only a fraction of today's value.

*The Insider's Guide to U.S. Coin Values, 21st Edition* Feb 19 2022 An invaluable, illustrated reference guide for both hobbyists and serious investors features the latest price information on and specifications of all major American coins, describing the coin rating system and certification process, and featuring the latest updates on the millennium quarters, mint marks, price trends and more. Original.

**Unusual World Coins** Apr 21 2022 From creative minds worldwide have come fantasy coin issues never listed in any other comprehensive reference. Unusual Coins includes thousands of issues spawned from the non-circulating legal tender boom, but not fitting into the realm of legitimate coinage. Here you'll find coins used by the inhabitants of Middle Earth in The Lord of the Rings. These are real coins, created by Tom Maringer of Scottsdale, Ark., based on reference to coins in the trilogy. Unusual World Coins features:

- Expanded Page Count: to accommodate over 7,000 photos
- Clear images of coins
- Detailed descriptive listings
- Over 12,000 accurate market values

*Half Sick of Shadows* Sep 02 2020 "Laura Sebastian is the next Madeline Miller. . . . a fierce, fresh, lyrical tale that will enthrall until the last page."--Kate Quinn, New York Times bestselling author of The Huntress A Popsugar Best Summer Read of 2021 A Bibliolifestyle Most Anticipated Summer 2021 Sci-fi and Fantasy Book "Magical, haunting, unique--I haven't been so excited about an Arthur book since I read The Once and Future King ."--Tamora Pierce, #1 New York Times bestselling author The Lady of Shalott reclaims her story in this bold feminist reimagining of the Arthurian myth from the New York Times bestselling author of Ash Princess. Everyone knows the legend. Of Arthur, destined to be a king. Of the beautiful Guinevere, who will betray him with his most loyal knight, Lancelot. Of the bitter sorceress, Morgana, who will turn against them all. But Elaine alone carries the burden of knowing what is to come--for Elaine of Shalott is cursed to see the future. On the mystical isle of Avalon, Elaine runs free and learns of the ancient prophecies surrounding her and her friends--countless possibilities, almost all of them tragic. When their future comes to claim them, Elaine, Guinevere, Lancelot, and Morgana accompany Arthur to take his throne in stifling Camelot, where magic is outlawed, the rules of society chain them, and enemies are everywhere. Yet the most dangerous threats may come from within their own circle. As visions are fulfilled and an inevitable fate closes in, Elaine must decide how far she will go to change destiny--and what she is willing to sacrifice along the way.

**The Investor's Guide to United States Coins** May 30 2020 A bible for coin investment in the 21st century. Twenty years ago, the first edition of this book was revolutionary in its approach to the buying and selling of rare coins. Collectors and investors were told that if they followed empirical models of price performance and investment return, not only would they profit handsomely, but their coin purchases would also outperform traditional investment vehicles. For this new edition, the well-known professional numismatist Silvano DiGenova and Dr. Jason Perry, Financial Economist at the Federal Reserve Bank of Boston, have joined the book's original author, Neil S. Berman to fully update the contents, taking into account the steady acceleration in rare coin prices, changes in trading practices, the revolution in grading standards, and external factors affecting the buying and selling of coins. The result is a no-holds-barred look at today's evolving market that is indispensable to experienced collectors and investors as well as neophytes. Included is an extensive price history of all United States coins from 1955 to date, with notable auction results and listings of key dates. The numerous charts of data and illustrative graphs interspersed throughout will be useful to dealers and collectors alike in forming strategies to take advantage of what will be one of the great growth areas of the 21st century.
