Crazy Jun 02 2020 **CRAZY A MEMOIR** is a humorous, adventuresome romp about weed smuggling in the seventies and eighties. The author chronicles his early life in San Antonio and the influence of the growing drug culture during his teen years. He then comically depicts his required military service as a "tie-dyed hippie in army greens" and his determined attempts to stay out of Viet Nam. Lost and unsure about life following the drug related deaths of most of his friends, he later hitchhikes around Mexico and ends up

attending college in Cholula where he begins his career in weed smuggling. His entrepreneurial efforts in this area are humorously described in great detail. The book captures a slice of time, tying in political and cultural events with the author's concomitant psychological development during the hippie movement as well as his evolving career as a drug smuggler for the Cause. *Sequencing* May 02 2020 Watson and Crick discovered the human DNA. What made the difference was deciphering it. Like the human body, every organization has a DNA. What will make the difference is not seeing it, but sequencing it. It's the key to long-term success at innovation. *Sequencing*, written by business consultant Michael Metzger, explores what is required for a company to develop a culture that promotes innovation for the long haul. Harvard's Clayton Christensen reports that few companies have the capacity to innovate. The more success a company achieves, the harder it is for the company to innovate. And yet the reality is that companies innovate or die. Metzger outlines the steps necessary to sustain innovation - the culture, conscience, and C-level leadership required. It begins by having an accurate assessment of human nature and reality. Institutional leaders ignore this book at their peril.

Change the Workgame Aug 05 2020 Research shows that diverse workgroups are more productive, creative and innovative than homogeneous groups. In a global marketplace, and with the rapidly changing racial makeup of America, having a high function, diverse workforce is imperative for your organization's success. *Change the WorkGame* has been designed to show you how establish a diverse workforce throughout all strata of your organization and how to sustain your progress. As a human resources executive, diversity and inclusion consultant, and a member of historically marginalized communities, I have experienced wildly unsuccessful diversity and inclusion strategies; and advised, coached, and led wildly successful diversity and inclusion initiatives. Business leaders and department heads have used the steps outlined in this how-to guide to successfully recruit and retain diverse talent. Chris, a small business owner, says, "the diversity recruitment steps listed in the book, matched with real life scenarios really helps bring to life not only how to go about recruiting and retaining a diverse workforce, but why it is important." I promise that if you follow the 7 steps outlined in *Change the WorkGame*, you will increase the diversity of your workforce within 6 months following the activation of the last step and you will increase employee satisfaction by enhancing your managers and the inclusivity of your workplace. Don't wait to activate your diversity initiative.

Don't wait to make your workforce stronger, nimbler, more creative, and more dynamic. Don't wait to establish an inclusive work environment where everyone feels respected, appreciated and heard. Be the person to take the lead towards Change. If not you, then who!?! The workforce diversity and inclusion strategies and scenarios you are about to read have been proven to create positive and long lasting results for leaders. These strategies will help ALL employees inside your organization, but will specifically help you recruit and retain underrepresented employees. Each chapter will give you new insights towards enhancing your workforce and your workplace. Let me show you how to be the Change for your company.

From Impressionism to Post-Impressionism - Art History Book for Children | Children's Arts, Music & Photography Books May 14 2021 Art can come in many styles and the technique to create each one can vary depending on the artist and the era. In this book, we're going to study art history from Impressionism to Post-Impressionism. What are the differences between them? How do you tell one from the other? What are examples of art produced? Know the answers and more from the pages of this book.

Engineering Economy Aug 29 2022 The Empress Zoe, ruthless and cruel, rules the eastern Mediterranean. To fight her battles, she employs an army of Vikings - the most fearsome warriors of their time. Led by the legendary Harald Hardrada, these mercenaries will do whatever it takes to win. Hiding in their ranks is Solveig - a fifteen-year-old girl. Amid the excitement and danger of combat, she must face terrible truths about the brutality of her people - and of her father. And, in the end, she will have to choose between all she holds dear, and what she believes is right. An epic adventure about Vikings and Saracens, ship battles and land-raids, loyalty and sacrifice.

Planting God Jan 28 2020 The struggle is real. Sure. But often times we can over-complicate our lives. Planting God inspires us with a simple idea. God reveals Himself to us so we can plant Him into the lives of people around us. In this valuable book, Derek Schoenhoff shares exciting life-stories, asks thoughtful questions and applies Biblical truth. You will cultivate your knowledge of God, energize your ability to communicate with Him, unearth powerful principles for your restoration and wholeness, uncover strategies of the enemy in your life, and simplify your calling and purpose. God has made Himself accessible to everyone, but only you can choose to open yourself up to Him. Whether you have been a Christian for many years, or are just discovering Him, this book will help you on your journey, so you can be passionately Planting God.

Aquinas and the Market Sep 17 2021 Economists investigate the workings of markets and tend to set ethical questions aside. Theologians often dismiss economics, losing insights into the influence of market incentives on individual behavior. Mary L. Hirschfeld bridges this gap by showing how a humane economy can lead to the good life as outlined in the thought of St. Thomas Aquinas.

Eureka! I Found It - Seek and Find Activity Book for Kids Nov 07 2020 Oh, what did you find? Tell me, tell me now.. will you? This beautiful yet challenging seek and find Activity Book for kids has so many benefits. But the most important of which would be the essential life skills of patience, self-confidence and determination. These are the skills that will mold your child into becoming attentive and proactive learners. Grab a copy today!

Susu Alphabets Book Jul 04 2020 Susu Alphabet book is an instruction tool that can be used in conjunction with the classroom or at home for kids. In book used real objects to right identification. In such that the teacher can use the cover of the booklet to introduce students to an individual. Use this book with kids who are learning and Start speak and identifying real worlds. This is best for first book for your child, book offers an engaging new way for children to discover and learn concepts of the alphabet. Kids learn by running their finger along large, letters and object they can explore each object on every study page.

Zodiac Goddess Coloring Book Oct 26 2019 This hand-illustrated adult coloring book features portraits of beautiful goddesses, each representing a sign of the zodiac. Bring them to life with your own color and style! Coloring is a healthy way to relieve stress and welcome peace into your life, and finished pages can be used as personalized art for your home or as gifts for friends! We hope you enjoy! <http://www.winsomeandwit.com/> . . . Note: This book is exclusively sold on Amazon and Createspace.

Free Roll Feb 08 2021 Have you ever wondered: What it's like to daily bet hundreds of thousands of dollars working for some of the largest professional gamblers in Las Vegas? ... How to spend a summer house sitting one of the biggest stars in the world's 11,000 square-foot mansion - without an invitation from it's celebrity owner ... Whether the life of crime - specifically, running a shoplifting ring in a middle American mall - pays? ... What causes a son to finally say enough is enough ... and decide "Today is the day I am going to

kill my dad." Comedian Brandt Tobler has the answers in this funny, touching and sometimes downright unbelievable memoir of a small town Wyoming-kid turned "mall-fia" don, turned nationally touring comic. Brandt tells his life story with candor, detailing the many pit stops, wrong turns, crazy connections and lucky breaks he experienced along the way to his comedy career, all while trying to balance a toxic relationship with his unreliable jailbird dad. In these pages Brandt will make you laugh (he better - it's his job!) and believe as he does that, when it comes to defining family, blood isn't always thicker than water. -- back cover.

Essential von Mises, The Mar 24 2022

Empire of Wealth Aug 17 2021 Throughout time, from ancient Rome to modern Britain, the great empires built and maintained their domination through force of arms and political power. But not the United States. America has dominated the world in a new, peaceful, and pervasive way -- through the continued creation of staggering wealth. In this authoritative, engrossing history, John Steele Gordon captures as never before the true source of our nation's global influence: wealth and the capacity to create more of it. This P.S. edition features an extra 16 pages of insights into the book, including author interviews, recommended reading, and more.

Steinbeck: Citizen Spy Apr 24 2022 This changes everything we thought we knew about John Steinbeck. After languishing in the CIA's archives for 60 years, a letter is uncovered in John Steinbeck's own hand that shatters everything history tells us about the author's life. Written in 1952, to CIA Director Walter Bedell Smith, Steinbeck makes an offer to become an asset for the Agency during a trip to Europe later that year. More shocking than Steinbeck's letter is Smith's reply accepting John's proposal. Discovered by author Brian Kannard, these letters create the tantalizing proposal that John Steinbeck was, in fact, a CIA spy. Utilizing information from Steinbeck's FBI file, John's own correspondence, and interviews with John's son Thomas Steinbeck, playwright Edward Albee, a former CIA intelligence officer, and others, *Steinbeck: Citizen Spy* uncovers the secret life of American cultural icon and Nobel Prize-winner, John Steinbeck. •Did Steinbeck actively gather information for the intelligence community during his 1947 and 1963 trips to the Soviet Union? •Why was the controversial author of *The Grapes of Wrath* never called before the House Select Committee on Un-American Activities, despite alleged ties to Communist organizations? •Did the CIA influence Steinbeck to produce Cold War propaganda as part of Operation MOCKINGBIRD? •Why did the CIA admit to the Church Committee in

1975 that Steinbeck was a subject of their illegal mail-opening program known as HTLINGUAL? These and a host of other resources leave little doubt that there are depths yet unplumbed in the life of one of America's most treasured authors. Just how heavily was Steinbeck involved in CIA operations? What did he know? And how much did he sacrifice for his country? Steinbeck: Citizen Spy brings us one step closer to the truth.

Understanding Antitrust and Its Economic Implications Dec 21 2021

Engineering Economy Jul 28 2022 This student-friendly text on the current economic issues particular to engineering covers the topics needed to analyze engineering alternatives. Students use both hand-worked and spreadsheet solutions of examples, problems and case studies. In this edition the options have been increased with an expanded spreadsheet analysis component, twice the number of case studies, and virtually all new end-of-chapter problems. The chapters on factor derivation and usage, cost estimation, replacement studies, and after-tax evaluation have been heavily revised. New material is included on public sector projects and cost estimation. A reordering of chapters puts the fundamental topics up front in the text. Many chapters include a special set of problems that prepare the students for the Fundamentals of Engineering (FE) exam. This text provides students and practicing professionals with a solid preparation in the financial understanding of engineering problems and projects, as well as the techniques needed for evaluating and making sound economic decisions. Distinguishing characteristics include learning objectives for each chapter, an easy-to-read writing style, many solved examples, integrated spreadsheets, and case studies throughout the text. Graphical cross-referencing between topics and quick-solve spreadsheet solutions are indicated in the margin throughout the text. While the chapters are progressive, over three-quarters can stand alone, allowing instructors flexibility for meeting course needs. A complete online learning center (OLC) offers supplemental practice problems, spreadsheet exercises, and review questions for the the Fundamentals of Engineering (FE) exam.

The Glass Elevator Jun 22 2019 Breaking through glass ceilings in the workplace is dangerous business. There is now an easier (and safer) way for women to rise and succeed professionally. The Glass Elevator: A Guide to Leadership Presence for Women on the Rise shares the 9 critical skills that will enhance your ability to engage, connect, and influence in the workplace. Have you been holding yourself back by: - Not speaking up at meetings when

you have value to add? - Failing to promote yourself to seniors in the workplace? - Shying away from challenges because you lack confidence? - Neglecting your networking inside and outside the company? - Living in a state of overwhelm at home and work? The author - one of New York's leading Executive Coaches - will teach you how to stop retreating and start ascending, employing the same expertise she uses to help her executive clients rise to the top. With Ground Floor Quizzes, Elevator Workouts, and Power Profiles of women leaders, this engaging book helps you master the must-have skills that will propel you upward. Pursue your professional aspirations one floor at a time by riding The Glass Elevator.

KnowThis Marketing Basics 2nd Edition Jan 10 2021 KnowThis: Marketing Basics 2nd edition offers detailed coverage of essential marketing concepts. This very affordable book is written by a marketing professor and covers the same ground as much more expensive books while offering its own unique insights. The book takes a highly applied approach including offering over 150 real-world examples. The new edition includes enhanced coverage of numerous new developments and how these affect marketing including social networks, mobile device applications ("apps"), neuro-research, group couponing, smartphone payments, quick response codes, to name a few. The new edition also features expanded coverage of globalization, Internet and mobile networks, consumer purchase behavior and much more. The book is ideal for marketing professionals, students, educators, and anyone else who needs to know about marketing. Supported by KnowThis.com, a leading marketing resource. Contents: 1: What is Marketing? 2: Marketing Research 3: Managing Customers 4: Understanding Customers 5: Targeting Markets 6: Product Decisions 7: Managing Products 8: Distribution Decisions 9: Retailing 10: Wholesaling & Product Movement 11: Promotion Decisions 12: Advertising 13: Managing the Advertising Campaign 14: Sales Promotion 15: Public Relations 16: Personal Selling 17: Pricing Decisions 18: Setting Price 19: Managing External Forces 20: Marketing Planning & Strategy Appendix: Marketing to the Connected Customer

Ed Sullivan and Johnny Carson Apr 12 2021 *Includes pictures *Includes their own quotes about their lives and careers *Includes online resources and a bibliography for further reading From the day television existed as an entertainment medium, giant companies have battled each other for viewers, but in the history of television programming, no show was as consistently excellent in the ratings as The Ed Sullivan Show, a variety show that brought on all kinds of acts, from dancers to artists and singers. It was the longest

running show to maintain one time slot, and today it is widely remembered for introducing the nation to the likes of Elvis Presley and The Beatles. When Elvis was on the show in 1956, over 82% of the nation's entire television audience tuned in, a rating that would make even the Super Bowl blush. Indeed, being booked on The Ed Sullivan Show became so important for performers that Aretha Franklin once noted, "And I was booked once to go on 'Ed Sullivan' and I got bumped and ran out the back door crying." The Ed Sullivan Show has been commemorated as one of the most influential programs in the history of American television, and behind it all was the seemingly unassuming man whose name was on it. Even after Ed Sullivan had become an American institution on the strength of his show, one critic from Time asked, "What exactly is Ed Sullivan's talent?" Or as comedian (and frequent guest) Alan King put it, "Ed does nothing, but he does it better than anyone else in television." Of course, Ed Sullivan did have plenty of talent, especially when it came to identifying others', and over the course of nearly two decades, he became America's biggest starmaker. While Elvis and The Beatles are most remembered, Sullivan helped open the door to Motown acts, and his show was so culturally significant that Reverend Al Sharpton said of those performances, "I grew up in the 1950s and '60s, when it was almost a holiday when a black act would go on Ed Sullivan." Perhaps the most ironic aspect of Sullivan's fame is that almost everyone tended to agree that he was stilted and unnatural in front of cameras. In 1955, one writer for Time colorfully described Sullivan as "a cigar-store Indian, the Cardiff Giant and a stone-faced monument just off the boat from Easter Island. He moves like a sleepwalker; his smile is that of a man sucking a lemon; his speech is frequently lost in a thicket of syntax; his eyes pop from their sockets or sink so deep in their bags that they seem to be peering up at the camera from the bottom of twin wells." At the same time, however, the writer conceded, "Yet, instead of frightening children, Ed Sullivan charms the whole family." Among America's comedians, few if any have had the kind of influence on pop culture and society like Johnny Carson, the iconic host of The Tonight Show from 1962-1992. In addition to winning too many awards to count, Carson is proof that imitation is the sincerest form of flattery, as admitted by subsequent comedy show hosts like Jay Leno and David Letterman, who not only vied to replace Carson but also used his format for their own shows (and still continue to do so). For several years during the 1950s, Carson rotated around various daytime shows as host, meeting important friends like Ed McMahon along the way, but he made it big when he replaced Jack Paar as

host of The Tonight Show in 1962. For the next 30 years, his mix of monologues, skits, and interviews would make his show must-see television on weekday nights, turning him into the highest paid television personality of the 1970s, and giving him the creative freedom to bring others along with him. In addition to bringing along his sidekick McMahon, Carson let guests host the show occasionally as well, thereby giving the spotlight to comedians like George Carlin, Letterman, Leno, and Joan Rivers. On the 25th anniversary of his debut on The Tonight Show, Carson earned a Peabody Award that labeled him "an American institution,"

[A Complicated Legacy](#) Sep 25 2019 If movies and books like *Belle*, *Twelve Years a Slave*, *The Butler*, *The Help*, *A Time to Kill*, and *Amistad* have moved you, you'll love *A Complicated Legacy*, a novel by Baltimore writer Robert H. Stucky based on the true story of Elijah Willis, a white South Carolina planter, and Amy- the love of his life, the mother of his children, and his slave. Taking place in the decade leading up to the Civil War, it is written with a cinematic eye for atmosphere and setting, a linguist's ear for dialogue, and a historian's grasp of the powerful social forces and momentous events of the time. It is a riveting tale of personal transformation in facing the tide of sweeping social change. Elijah Willis fought family opposition, public opinion, and the law to free his family of choice and leave them his entire inheritance. In so doing, his and Amy's story becomes a microcosm of the human struggles that made the Civil War and the Abolition of Slavery both necessary and inevitable. Set in rural South Carolina, Baltimore, and Cincinnati, this vivid saga weaves history and humanity in a compelling testimony to the power of relationships to shape our destinies, even a century and a half later.

Foreign Language - How to Use Modern Technology to Effectively Learn Foreign Languages Dec 29 2019 This book is a compilation of information about modern resources available to foreign language students. The purpose of this book is to help the reader to correctly select instructional materials and organize independent study of a foreign language. This edition contains recommendations for the use of both traditional methods as well as the latest multimedia technologies. The book gives great attention to vocabulary development - how to correctly study, review, and systematize foreign words. This book will help you determine the main goals and exercises associated with mastering a foreign language. These goals are always there. They simply need to be stated, analyzed, and ordered. In general, systemization and order are two of the main factors in mastering anything new, including foreign

languages. When you understand what you want to achieve you will find it much easier to choose a path that will lead to success. Topical dictionary section. This book contains an English-Azerbaijani theme-based dictionary with 1,500 frequently used words that will help you develop basic vocabulary. The dictionary's content is organized by topic. The material is presented in three columns: source word, translation, and transcription. Each topic consists of 50 words grouped into small blocks. You can treat this dictionary as a model for creating your own unified word database. We're confident that this book will help you develop your own effective learning system and give you another boost in this useful and fascinating exercise - learning a foreign language

The God Chair Aug 24 2019 Meet Katie Ball. She's ten years old and definitely going through a rough patch. School is stressful and the future of her family's farm is uncertain. But all that changes, when Katie meets Lady Catherine and her rather mysterious chair. That's when she discovers that she's braver than she thought she was, and that with a little friendship and a lot of divine inspiration, real life is just as exciting as any storybook adventure. Originally a Brit, Caroline Cienki has fond memories of vacations spent in the rural North of England with her grandparents, where she learned to love the countryside. She now lives in the US, and calls Texas her home along with her husband, two children and three fun-loving doggies. Among her current passions are home-making, travel and spiritual formation. The God Chair is her first children's book.

Poverty, Politics, and Race Nov 27 2019 Poverty, Politics , and Race gives a true face to poverty, while knocking down stereotypes on race and the poor ; and sheds light on how the politics of the past and present have magnified issues of race in America. The book also gives a personal look back at an important period in civil rights in America's history and sounds an alarm at the renewed and very open racial hatred that resurfaced with the election of the first African-American U.S. President. It takes a critical look at current events affecting the lives of average Americans through the prism of a Black woman who has experienced firsthand the effects of poverty, race, and the politics surrounding both issues. The book hopefully will help remove the blinders and lead to a more honest discussion on the divisions in our country and ways we can begin to heal them.

Engineering Economy Sep 29 2022

Rural Rides Oct 19 2021 Rural Rides is the book for which the English journalist, agriculturist and political reformer William Cobbett is best known.

At the time of writing *Rural Rides*, in the early 1820s, Cobbett was a radical anti-Corn Law campaigner. He embarked on a series of journeys by horseback through the countryside of Southeast England and the English Midlands. He wrote down what he saw from the points of view both of a farmer and a social reformer. The result documents the early 19th-century countryside and its people as well as giving free vent to Cobbett's opinions

The Levelling Dec 09 2020 A brilliant analysis of the transition in world economics, finance, and power as the era of globalization ends and gives way to new power centers and institutions. The world is at a turning point similar to the fall of communism. Then, many focused on the collapse itself, and failed to see that a bigger trend, globalization, was about to take hold. The benefits of globalization--through the freer flow of money, people, ideas, and trade--have been many. But rather than a world that is flat, what has emerged is one of jagged peaks and rough, deep valleys characterized by wealth inequality, indebtedness, political recession, and imbalances across the world's economies. These peaks and valleys are undergoing what Michael O'Sullivan calls "the levelling"--a major transition in world economics, finance, and power. What's next is a levelling-out of wealth between poor and rich countries, of power between nations and regions, of political accountability from elites to the people, and of institutional power away from central banks and defunct twentieth-century institutions such as the WTO and the IMF. O'Sullivan then moves to ways we can develop new, pragmatic solutions to such critical problems as political discontent, stunted economic growth, the productive functioning of finance, and political-economic structures that serve broader needs. The Levelling comes at a crucial time in the rise and fall of nations. It has special importance for the US as its place in the world undergoes radical change--the ebbing of influence, profound questions over its economic model, societal decay, and the turmoil of public life.

Engineering Economy Oct 31 2022 *Engineering Economy*, 15e, is ideal for undergraduate, introductory courses in Engineering Economics. It also is a useful reference for engineers interested in reviewing the basic principles of engineering economy. Used by engineering students worldwide, this best-selling text provides a sound understanding of the principles, basic concepts, and methodology of engineering economy. Built upon the rich and time-tested teaching materials of earlier editions, it is extensively revised and updated to reflect current trends and issues, with an emphasis on the economics of engineering design throughout. It provides one of the most

complete and up-to-date studies of this vitally important field.

The Economics of Social Determinants of Health and Health Inequalities

Jun 26 2022 "This resource book discusses the economic arguments that could (and could not) be put forth to support the case for investing in the social determinants of health on average and in the reduction in socially determined health inequalities. It provides an overview and introduction into how economists would approach the assessment of the economic motivation to invest in the social determinants of health and socially determined health inequities, including what the major challenges are in this assessment. It illustrates the extent to which an economic argument can be made in favour of investment in 3 major social determinants of health areas: education, social protection, and urban development and infrastructure. It describes whether education policy, social protection, and urban development, housing and transport policy can act as health policy"--

I Am Not My Hair Oct 07 2020 The previous scheduled life Maya Hatton planned has been interrupted for an emergency broadcast announcement. A news station manager threatens to destroy over twenty years of brand and image building with a new contract from hell. Her husband Roddreccus moved into the rental property and refuses to move home without explanation. Instead of finding confidence, fun and freedom as she enters her mid fifties she's faced with crises. Fans believed she had it all together but her dream team lost a member, a villain hijacked her fairy tale marriage and now she needs to remember how to be the Maya everyone thinks she is or lose the best thing she ever had.

Walt Dreamers Me Sep 05 2020 "I cannot imagine living in a world without Walt Disney." Joe Cosgrove Walt Disney's life long journey comes to life as breaking news headlines that entertain and engage dreamers of all ages. This novel storytelling is based on Joe's firsthand experience as well as from friends and mentors who worked closely with Walt during the 1930's through the 1960's. Readers will enter the circle of nearness of Walt Disney's life journey as he transform's and revolutionizes movie cartoons into a powerful new art form. Walt becomes the Founding Father of modern movie animation with the release of his first full length feature film, Snow White. This was the prelude of Walt's bigger dream to create something totally new under the sun. Driven by endless curiosity and courage, Walt Disney's dreams gave birth to the greatest real estate developments and tourist attractions in history with Disneyland and Walt Disney World. Today Walt's impossible dream is still growing. For all those people who helped make his dream come true with the opening of Disneyland in 1955, Walt created a special place called Club 33. Joe Cosgrove was there the day the Club opened in 1967. Club 33 was a secluded hideaway in the Happiest Place on earth for many years until the LA Times wrote a feature titled: "The Most Exclusive Club in the World." Joe reveals some fascinating Club 33 stories during its early secret years. This is also the story of other extraordinary dreamers, visionaries, leaders, innovators and heroes whose lives one day serendipitously intersected with Joe Cosgrove. These ordinary people who did extraordinary things include Joshua Meador, Harrison "Buzz" Price, Bob Hope, Ronald Reagan, Steve Allen, Charles E. Fuller and Billy Graham who are just some of the personalities in this wide reaching story of notable people who help change our world for the better. WALT DREAMERS ME celebrates the American heritage of individual liberty with headline making news of exceptional individuals motivated by the highest possible standards of excellence who created innovations that greatly changed our imagination, our culture and our world for the better. These true life adventure headline stories are filled with heroes, mentors, tricksters, sidekicks, scoundrels and scallywags just like those we read about in the newspaper every day. These very universal caricatures are seen in the classic stories in the Bible. Walt Disney brought these caricatures to life in such films as Snow White, Pinocchio and Cinderella. It is our intention that our readers accompany each person headlined in order to relate to each of them in a new powerful and personal way.
