The World Teacher Disclosed Jul 12 2021 This book is based on my research, which is essentially a large gathering of evidence, ranging from prophecies (both ancient and new), recent declarations from high-level people around the world, as well as some statements in the words of the World Teacher himself and my own personal experiences, tending to prove that the Second Coming of Christ in visible form has occurred, that he was born in a conventional, natural and easy way. All elements in this book follow a logical sequence, coming together to form a perfect puzzle, and each aspect can be further broadened and deepened almost to infinity. I therefore set some limits to the scope of this present work, but did my best for it still to be utterly fascinating and to stir awakening in your mind and heart. Of course, if you do not agree with me, I can understand your doubts. However, it should be

noted that no one has yet managed to move my ideas from the position where I stand firmly and joyously, but do not think for a minute that my conclusions are based in fanaticism, far from it, actually. I'm at my core a genuinely free individual, of a very inquisitive nature. I try to look at the world in its totality and to move toward the goal which is Eternal and Harmonious Development for all.

The Hearing of God May 10 2021 When we consider the hearing of God in terms how He can hear your words, which, for example, you distribute to prevent a possible disaster at a nuclear reactor there, on the plane, anywhere, in the organism there, then it turns out that He hears, because He does not want it either. And He does so, that it would not occur. It means, hearing arises from the co-directional motions - in fact, the motions of the same events, in general. Well, take the same car: all cars when they move in the same form, then, as if moving in space, the future shape of the space appears to be in the form of some streets or roads somewhere there. And they move into this form, where the outer shape can be the form given by God in terms of human perception. And another driver cannot hear a sound of a nearby car; but he also moves in the same direction. He understands at the same time, what sound another car has. Here the sound is converted into what he understands that if it moves, then this car has this sound.

By concentrating on the device, it is possible to develop one's own consciousness to be able to control events (including health) in order to improve them, develop clairvoyance, and be able to design favorable future events. The device was designed to develop the following concentration types: Concentration for any event or situation (including health) Concentration to rejuvenate Concentration for the development and clairvoyance control Concentration for the forecasting control development Concentration for the Eternal Life Development The strength of concentrations and the development of consciousness due to the concentration, is the same. But the physical device has an advantage: when the device is turned on, the person who is at 3 meters distance and is the one who was configured in the device, will take to the norm all its events, even if that person is not concentrated. Why the person has to be concentrated if the physical device is turned on and taking to the norm the events? Control de la Voluntad Jul 20 2019 Hola de nuevo El tema de mi seminario de hoy es mi enseñanza sobre Dios. Control de la voluntad. En este tema, considero el sustrato de la voluntad, cuando se dirige al sistema de control, en primer lugar, cómo se puede visualizar que la voluntad existe en términos de control y cómo se puede usar, por así decirlo, en el control. Desde el punto de vista del control, cualquier concentración, ¿sí? ... cualquier sistema de control de la voluntad, es un tipo de impulso que viene de Usted, una cierta especie de esfera, ¿sí? o digamos, alguna masa de información que de alguna manera o de manera directa, depende de usted, afecta radicalmente el sistema, incluido el óptico y el sistema de acción. Y así obtiene una próxima acción, es decir, está concentrando la voluntad, ¿verdad? ... para lograr algo. Pero la concentración de voluntad no significa que la acción se está llevando a cabo. Es posible concentrar la voluntad, pero al mismo tiempo solo prepararse para la acción, es decir, la concentración de la voluntad es necesaria para preparar alguna acción.

Vision of God Jan 06 2021 Then, for man, the Soul of God is also the manifested material world. First, it is his degree of thinking towards God, that is, how much he reaches God in his thinking, and then some already manifested material processes go. By comparing this, for example, with the physiological level of a person, it can be said in such a way, that a person, for example, there, when waking up or being born, he first examines the internal structure of the organism, that is, well, what is always with him. The simplest postulate for a person is to have what is always with him. So, it is, for example, as if his constant vision of his bodily structure. And considering body as the physiological structure of the Soul in terms of its action, for example, in infinite development - specifically in this position - we can quite say that by analogy with this, God sees firstly the whole world. That is, when He

turns to the Soul, He also can see His own structure of the organization of His own Soul. After all, for God, who can create everything, it means, He can create His own Soul practically at the same time. There is a fundamental difference between God and man in terms of action. Because when we want to learn how to do what God does, we must see what we can learn. It is again an absolutely applied mechanism of action here: we must obligatorily see the difference.

The Teaching of Grigori Grabovoi about the Soul Sep 14 2021 Here, Dr. Grigori GRABOVOI's position on the Soul formulates the technology of the work of the Soul, doing a most wondrous job of transformation by providing actionable knowledge in ways that encourage control and instant action. Implementing this knowledge attentively, its complex simplicity as if ignites a very insightful process and experience, while also making absolute sense in terms of its axiomatic principles, their application and of course, the results. If you are interested to take a next serious step towards your spiritual development and growth, perhaps this exceptional book with its theory and practical ways of thinking will be a key to your current process for further progress in your personal management and in global salvation. Considering Dr. GRABOVOI's axiom that, the Soul of man is built according to the same laws as the physical body of The One God, one can see that the Soul is already eternal because It is built according to the same laws. Did you know that your Soul is always in action, never sleeps, and that It always starts working immediately at whatever stage of a situation when asked by your Consciousness? Do you wish to know more about the properties and qualities, the special characteristics of your own Soul? For example, for the Soul, the control is always action - to improve and to normalize (i.e. make to the norm of the Creator) as It was created with these qualities. The norm is how God makes the norm, how the plants and animals grow, how the World is transformed, how the person breathes in general - this is the technology of human healing. One can restore oneself by thinking since it is the Soul that creates thought. Therefore, it is sufficient to develop one's Consciousness to the level one is really indestructible, to the level of realization of reality towards the norm, towards the physical body of the One God for self-realization and its translation to the rest of the World. God does for all at once; so you do for all and for yourself. So, you can use your Soul to help yourself. Upon reading and studying this book you can find out ways of thinking that can inspire you, for example: - to learn to control through your understanding and through your logic - to start to understand life with your Soul and to act at the Soulic level of your perception - to make the decision that you want to be healthy and are healthy - to reach the state of complete internal tranquillity by the presence of your Soul - to feel your health and be healthy regardless of anything and everything - to activate your spiritual physical body - to reach the spiritual state where your body is absolutely healthy - to see God in your physical body and to be in the Light of the physical body of God - to use your Soul as the instrument to transport Love everywhere - to learn how God created and created you - to cultivate your awareness to use your Soul to

help yourself 319_817_318 718_648519_71

Numbers of Stars for Eternal Life Mar 28 2020 The distant stars, from which only the light can be seen by physical eyesight, have subtle connections with the Soul of man. Man can perceive the light of his Soul with physical eyesight, which is mixed with the color of human body. You can see with this understanding, that the starlight is crossed and combined with the light of the Soul at a distance from human body and on human body at the physical level. The Light of stars, in a sense, is an element of eternity in terms of the fact, that such light often reaches a human individual in millions of light-years, and it is simultaneously a gateway to the world, that is on the other side of a star, and it is infinite.
