Propaganda and Information Warfare in the Twenty-First

Century Dec 27 2019 This is the first book to analyze how the technology to alter images and rapidly distribute them can be used for propaganda and to support deception operations. In the past, propagandists and those seeking to conduct deception operations used crude methods to alter images of real people, events and objects, which could usually be detected relatively easily. Today, however, computers allow propagandists to create any imaginable image, still or moving, with appropriate accompanying audio. Furthermore, it is becoming extremely difficult to detect that an image has been manipulated, and the Internet, television and global media make it possible to disseminate altered images around the world almost instantaneously. Given that the United States is the sole superpower, few, if any, adversaries will attempt to fight the US military conventionally on the battlefield. Therefore, adversaries will use propaganda and deception, especially altered images, in an attempt to level the battlefield or to win a war against the United States without even having to fight militarily. Propaganda and Information Warfare in the 21st Century will be of great interest to students of information war, propaganda, public diplomacy and security studies in general. *Lincoln's Bodyguard* Apr 11 2021 2016 International Book Award Winner Fiction: Historical In *Lincoln's Bodyguard*, an alternative version of American history, President Lincoln is saved from assassination. Though he prophesied his own death the only way he believed the South would truly surrender Lincoln never accounted for the heroics of his bodyguard, Joseph Foster. A biracial mix of white and Miami Indian, Joseph makes an enemy of the South by killing John Wilkes Booth and preventing the death of the president. His wife is murdered and his daughter kidnapped, sending Joseph on a revenge-fueled rampage to recover his daughter. When his search fails, he disappears as the nation falls into a simmering insurgency instead of an end to the War. Years later, Joseph is still running from his past when he receives a letter from Lincoln pleading for help. The President has a secret mission. Pursued from the outset, Joseph turns to the only person who might help, the woman he abandoned years earlier. If he can win Molly over, he might just fulfill the President's

urgent request, find his daughter, and maybe even hasten the end of the War.

Success in Part - II Mar 10 2021 Remarkably, Sharon has been found at the Reggae Concert. Tragically obvious her memories have been erased. She does not know who she is, who eDapktchoy is, and can not align what she is experiencing to any form of reality.

From Soul to Hip Hop Aug 15 2021 The essays contained in this volume address some of the most visible, durable and influential of African American musical styles as they developed from the mid-1960s into the 21st-century. Soul, funk, pop, R&B and hip hop practices are explored both singly and in their many convergences, and in writings that have often become regarded as landmarks in black musical scholarship. These works employ a wide range of methodologies, and taken together they show the themes and concerns of academic black musical study developing over three decades. While much of the writing here is focused on music and musicians in the United States, the book also documents important and emergent trends in the study of these styles as they have spread across the world. The volume maintains the original publication format and pagination of each essay, making for easy and accurate cross-reference and citation. Tom Perchard's introduction gives a detailed overview of the book's contents, and of the field as a whole, situating the present essays in a longer and wider tradition of African American music studies. In bringing together and contextualising works that are always valuable but sometimes difficult to access, the volume forms an excellent introductory resource for university music students and researchers.

Billboard Nov 25 2019 In its 114th year, Billboard remains the world's premier weekly music publication and a diverse digital, events, brand, content and data licensing platform. Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music, video, gaming, media, digital and mobile entertainment issues and trends.

Success in Part - IV Jun 01 2020 Sharon has no memory of who she was, where she fit or even her name, until eDapktchoy calls her. As with all provoked memories she has a reaction and puts up her hands. eDapktchoy grasps her wrists and sets off the stunner.

Body Guards Oct 25 2019 Describes the history and superstitious

traditions behind one hundred protective charms and amulets including the ankh, garlic, rabbit's foot, and shamrock *One Last Kiss* Jul 02 2020 FROM ADULTERY... Ex-Marine and bodyguard Chris Coleman was a family man with a secret: He wanted to leave his wife for another woman, Tara Lintz. But as head of security for the world-famous Joyce Meyer Ministries—an evangelical organization that frowns on divorce—Coleman had to make other plans. TO MURDER... On May 5, 2009, Illinois police received a call from Coleman, who claimed he was unable to contact his family. When investigators arrived at his home, they found Coleman's wife and two sons strangled in bed. Across the walls, spray-painted in red, were various obscenities—the word punished among them. TO LIFE—OR DEATH. Who could have done something so sinister? As Coleman played the part of a grieving husband, forensic evidence at the crime scene told a different story. Key testimony from Lintz afforded yet more evidence of Coleman's guilt—and soon a jury would find him guilty of three counts of murder in the first degree.

Bodyguard Feb 09 2021 Craig Summers had one of the most dangerous jobs in television. His task? Keeping adventurous celebrities alive. Summers was the BBC's security advisor through some of its most turbulent years. His job took him to war zones, scenes of natural disaster and big international sporting events - as well as on undercover operations involving child trafficking, football hooliganism and narcotics. Using his extensive military experience - he served with the British forces in both the Falklands War in 1982 and the Balkans conflict in Bosnia and Herzegovina - he has been the right-hand man, confidant and enforcer to many adventurous celebrities, including Sir Ranulph Fiennes, Gary Lineker, John Simpson and Matthew Pinsent. In *Bodyguard* Summers talks extensively about these relationships, demonstrating how his knowledge and experience have been vital in keeping BBC casualties to a minimum. From Kabul, to Gaza, to Zimbabwe, Summers has escorted and protected some of our biggest stars through testing and hazardous conditions. These are the stories of some of the key events of our time, from the inside out.

Western Civilization, Alternate Volume: Since 1300 Jan 20 2022 Best-selling author Jackson Spielvogel has helped over one million students learn about the present by exploring the past. Spielvogel's

engaging narrative weaves the political, economic, social, religious, intellectual, cultural, and military aspects of history into a gripping story that is as memorable as it is instructive. WESTERN CIVILIZATION includes 155 maps and excerpts of more than 250 primary sources that enliven the past while introducing students to the source material of historical scholarship. Additionally, the text is illustrated with 430 photographs that add visual context. A variety of pedagogical tools, including features on relevant films and end-of-chapter study aids, make this edition accessible to any learning style. The book is available in a variety of split options. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Causes, Laws, and Free Will Jul 26 2022 This book rescues compatibilists from the familiar charge of 'quagmire of evasion' by arguing that the problem of free will and determinism is a metaphysical problem with a metaphysical solution. There is no good reason to think that determinism would rob us of the free will we think we have.

Alternate Americas Jul 22 2019 Fourteen of science fiction's most popular writers--including L. Sprague de Camp, Robert Silverberg, and Kim Stanley Robinson--offer their visions of an America that might have been. Original.

The Bodyguard Jul 14 2021 Ryan Hale, aka Replay, is the most successful running ?back in his high school's history. With university scouts making him offers he can't refuse, his future seems set. The problem is, Ryan would much rather go to film school. But his dad doesn't want to hear it. His teammates sure don't. He can't afford the application fees anyway. But then a solution appears when Markus, a strange exchange student with outrageous stories about mobsters and hackers, offers to pay Ryan to be his bodyguard. Things get complicated when Ryan realizes the stories may be closer to the truth than anyone imagined.

Saga Terra: Odysseus Sep 04 2020 For eons, two superpowers, the Holy Kingdom of Asgard and the Empire of Niflheim, have fought bitter wars that nearly destroyed the world of Terra. Now the islands of Britannia are to become their latest battleground, and it is said that in such dark times, a Savior shall arise and lead his Crusaders to victory...

Rising Sun Victorious Mar 22 2022 In war, victory can be held hostage to seemingly insignificant incidents--chance events, opportunities seized or cast aside--that can derail the most brilliant military strategies and change the course of history. What if the Japanese had conquered India and driven out the British? What if the strategic link between the United States and Australia had been severed? What if Vice Admiral Nagumo had launched a third attack on Pearl Harbor? What if the U.S. Navy's gamble at Midway had backfired? Ten leading military historians ask these and other questions in this fascinating book. The war with Japan was rife with difficult choices and battles that could have gone either way. These fact-based alternate scenarios

offer intriguing insights into what might have happened in the Pacific during World War II, and what the consequences would have been for America.

Operation Bodyguard Mar 30 2020 *Includes pictures *Includes accounts of the deception plan from Allied spies *Includes online resources and a bibliography for further reading *Includes a table of contents "In wartime, truth is so precious that she should always be attended by a Bodyguard of lies." - Winston Churchill During the first half of 1944, the Americans and British commenced a massive buildup of men and resources in the United Kingdom, while Allied Supreme Commander Dwight D. Eisenhower and military brass planned the details of an enormous and complex amphibious invasion of Europe. The most obvious place for an invasion was just across the narrow English Channel, and the Germans had built coastal fortifications throughout France to protect against just such an invasion. Cloaking the vastest amphibious landing in history in layers of shrouding misdirection represented an undertaking second only in ambitiousness to the grand seaborne invasion itself, yet with Operation Bodyguard, the Allies attempted precisely that task in regards to 1944's D-Day. Bodyguard would, if successful, confuse the Wehrmacht occupiers of France about the actual place where Operation Overlord would ultimately come ashore. The plan was to trick the Germans into thinking the expected invasion would come in late summer 1944, and would be accompanied by an invasion in Norway, Greece and elsewhere in Europe. The goal was to trick the Germans into defending areas away from the invasion, thus posing less threat to the success of the actual invasion, Operation Overlord. On an operational

level it hoped to disguise the strength, timing and objectives of the invasion. The success or failure of these planned misdirections would have deadly serious consequences for the men wading ashore through the Normandy surf in early summer of 1944. The difference in the number and deployment of German forces facing them could determine if they successfully crashed through the west wall of Hitler's "Festung Europa" ("Fortress Europe") or found their decimated, bleeding remnants hurled back in defeat into the sea. Thanks to the misinformation, even as Nazi Germany's Atlantic Wall was strengthened, the deception tricked Hitler into keeping 13 divisions in Norway rather than reinforcing the Normandy peninsula. It had also tricked German High Command into believing that 89 Allied divisions were preparing to land, with enough landing craft to bring 20 divisions ashore. In actuality, the figures were 47 and 6 respectively. It would not have taken a genius commander to realize that an exhausted Britain and a U.S. Army fighting a multi-theatre war in the Pacific, Africa, Western Europe and Italy could not have fielded 87 divisions to attack Europe. Instead the Germans swallowed Allied misinformation hook, line and sinker. Statistics show the extent to which the German High Command were tricked by Allied deception plans. The Fifteenth Army, based at Pas de Calais, grew to a strength of 18 infantry and two panzer divisions. The Seventh Army, based in Normandy, had just 14 infantry and one panzer divisions. To make matters more complicated for the smaller force defending Normandy, the size of their theater of operations stretched for 995 miles of coastline. Rommel and von Rundstedt were both reminded of Frederick II's maxim, "He who defends everything, defends nothing." Without the deception, the Germans would have had free reign to maximize its forces at the point of attack in Normandy and with it, it is unclear whether the Allied invasion would have succeeded. Against such a formidable foe, however, the Allies needed to rely on every trick in the book. Operation Bodyguard: The History of the Allies' Disinformation Campaign Against Nazi Germany Before D-Day looks at the deception and its results. Along with pictures of important people, places, and events, you will learn about Operation Bodyguard like never before.

Science Fiction, New Space Opera, and Neoliberal Globalism Apr 23 2022 One of the few points critics and readers can agree upon when discussing the fiction popularly known as New Space Opera - a recent subgenre movement of science fiction - is its canny engagement with contemporary cultural politics in the age of globalisation. This book avers that the complex political allegories of New Space Opera respond to the recent cultural phenomenon known as neoliberalism, which entails the championing of the deregulation and privatisation of social services and programmes in the service of global free-market expansion. Providing close readings of the evolving New Space Opera canon and cultural histories and theoretical contexts of neoliberalism as a regnant ideology of our times, this book conceptualises a means to appreciate this thriving movement of popular literature.

The Bodyguard Blueprint Sep 28 2022 Are you ready to put other people to work? With this book, we will address the business end of

things to be an executive protection entrepreneur and the mind-set you will need to succeed as a person in business. In my first book, *The Bodyguard Myth*, we looked at the skill set and mind-set you need to be successful as an individual Certified Protection Operator(R) (CPO). Then we worked on building those skills. In *The Bodyguard Blueprint*, we will look at the skill set and mind-set of a CEO, the person running a successful executive protection business. We will start by examining the general mind-set and then get down to brass tacks. I will introduce some concepts early on and then expand on them later in more detail. *Encyclopedia of Recorded Sound* May 24 2022 First Published in 2005. Routledge is an imprint of Taylor & Francis, an informa company. *Catastrophic Success* Oct 17 2021 In *Catastrophic Success*, Alexander B. Downes compiles all instances of regime change around the world over the past two centuries. Drawing on this impressive data set, Downes shows that regime change increases the likelihood of civil war and violent leader removal in target states and fails to reduce the probability of conflict between intervening states and their targets. As Downes demonstrates, when a state confronts an obstinate or dangerous adversary, the lure of toppling its government and establishing a friendly administration is strong. The historical record, however, shows that foreign-imposed regime change is, in the long term, neither cheap, easy, nor consistently successful. The strategic impulse to forcibly oust antagonistic or non-compliant regimes overlooks two key facts. First, the act of overthrowing a foreign government sometimes causes its military to disintegrate, sending thousands of armed men into the countryside where they often wage an insurgency against the intervener. Second, externally-imposed leaders face a domestic audience in addition to an external one, and the two typically want different things. These divergent preferences place imposed leaders in a quandary: taking actions that please one invariably alienates the other. Regime change thus drives a wedge between external patrons and their domestic protégés or between protégés and their people. *Catastrophic Success* provides sober counsel for leaders and diplomats. Regime change may appear an expeditious solution, but states are usually better off relying on other tools of influence, such as diplomacy. Regime change, Downes urges, should be reserved for exceptional cases. Interveners must recognize that, absent a rare set of promising preconditions, regime change often instigates a new period of uncertainty and conflict that impedes their interests from being realized.

His Feverish Embrace - Real Men Romance™ (Paranormal Dragon Shifter Romance) Nov 06 2020 One night of passion. Two secrets revealed. Three lives changed forever. Dragons do it better. At least, that's Thrett Lacerta's motto—at work and at play. The Wildridge Security specialist has a stellar reputation as a trusted member of a small team that maintains peace within the Los Angeles shifter community, but in his personal life he's earned a nickname that's both accurate and disheartening: The King of One-Night Stands. Rylan Wilson is just a human. One that's raising a half-dragon son, the product of a single night of incredible passion. Despite the challenges, she's not only learned how to raise a shifter child, but to teach them as

well. And as the principal of an elite shifter school, it's her responsibility to keep the kids safe. So when a possible threat emerges, she calls in the best: Wildridge Security. When the two meet for the first time in eight years, Thrett struggles to understand his bond with the sexy, curvy human, while Rylan tries to find a way to tell the ultimate bachelor that he's a daddy. Can they find their way back to each other, or will outside forces destroy the very thing that links them?

Unarmed Bodyguards Feb 27 2020 For years international accompaniment has been successfully implemented as a way to protect threatened human rights activists throughout the world. In this book, Mahoney and Eguren present examples of the inspirational practice from Latin America, the Caribbean, and South Asia. Interviews with those involved in international accompaniment, with the individuals who were being protected, and with those who posed the threats provide valuable insight into what international accompaniment is really about.

His Heated Caress - Real Men Romance™ (Paranormal Dragon Shifter Romance) Dec 07 2020 A star bright enough to light up the big screen. A dragon strong enough to light up the sky. Wyntir Ignis may look like a movie star, but this fashion-forward dragon shifter actually protects them. As a personal security specialist for Wildridge Security, her job is to ensure the safety of the firm's clients. Including one particular A-lister who makes the mistake of laughing in her face when she introduces herself as his new bodyguard. Jerk. A sexy jerk, but still a jerk. World-famous action film star and single dad Stark Bradford has a reputation to maintain. It's not that he thinks a woman can't be an effective bodyguard—especially a dragon shifter—but the celebrity gossip sites would chew him up and spit him out if someone as feminine as Wyntir "protected" him. The only problem is that his shifter son does need a guard so he accepts, under one condition... When Stark's first plan to explain Wyntir's constant presence backfires, his son comes up with a perfect alternative: a fake relationship. Stark thinks it's awesome. Wyntir...not so much. Between putting on a show for the paparazzi and dealing with his "biggest fan"—and despite their rocky start—they find themselves growing closer. Will they figure out how to survive in the Hollywood jungle, or will a surprise threat destroy any chance they have for a future?

Confessions of a Celebrity Bodyguard May 12 2021 Celebrity bodyguard Michael Beckett's glamorous job isn't easy. But when a sinister serial killer dubbed the Angel of Death begins murdering A-list starlets, Beckett must utilize all his skills and cunning- with the help of a former Mafioso- to bring the angel down to earth- or risk being the next target.

Bouncers and Bodyguards Jan 08 2021 *Bouncers and Bodyguards* is a collection of astonishing true stories about the tough world of personal protection and nightclub doors from some of Britain's most notorious figures. Read how Charlie Bronson helped his friends out on the doors of his local in the early '70s before being banged up for well over 30 years; how Dave Courtney misses the violent world of the doors; how ex-football hooligan Mickey Francis ran most of

Manchester's doors back in the '80s; and how an ex-Foreign Legion bodyguard spent over a week cooped up in a bleak warehouse guarding Iraqi votes in central Baghdad. By turns funny, sad and shocking, these candid accounts were written exclusively for this publication by individuals who have spent much of their working lives in what is a volatile, violent and frequently unpredictable industry. Compiled by former bodyguard, ex-mercenary and well-known nightclub bouncer Robin Barratt, *Bouncers and Bodyguards* is an exposé of an infamous twilight world about which rumours have often circulated but the truth has never really been uncovered - until now.

The Deceivers Dec 19 2021 In World War II, the Allies employed unprecedented methods and practiced the most successful military deception ever seen, meticulously feeding misinformation to Axis intelligence to lead Axis commanders into erroneous action. Thaddeus Holt's elegantly written and comprehensive book is the first to tell the full story behind these operations. Exactly how the Allies engaged in strategic deception has remained secret for decades. Now, with the help of newly declassified material, Holt reveals this secret to the world in a riveting work of historical scholarship. Once the Americans joined the war in 1941, they had much to learn from their British counterparts, who had been honing their deception skills for years. As the war progressed, the British took charge of misinformation efforts in the European theater, while the Americans focused on the Pacific. *The Deceivers* takes readers from the early British achievements in the Middle East and Europe at the beginning of the war to the massive Allied success of D-Day, American victory in the Pacific theater, and the war's culmination on the brink of an invasion of Japan. Colonel John Bevan, who managed British deception operations from London, described the three essentials to strategic deception as good plans, double agents, and codebreaking, and *The Deceivers* covers each of these aspects in minute detail. Holt brings to life the little-known men, British and American, who ran Allied deception, such as Bevan, Dudley Clarke, Peter Fleming, Douglas Fairbanks, Jr., and Newman Smith. He tracks the development of deception techniques and tells the hitherto unknown story of double agent management and other deception through the American FBI and Joint Security Control. Full of fascinating sources and astounding revelations, *The Deceivers* is an indispensable volume and an unparalleled contribution to World War II literature.

Beyond the Bodyguard Oct 29 2022 This book is an advanced, well-rounded and in-depth view about what it takes to be the best in the international arena, in a world where change is the only constant. It is endorsed by a wide range of industry experts. This well-researched book will take you to higher levels, enabling you to be among the best in the demanding world of the truly professional bodyguard, by giving you the tools to develop and measure yourself. Security regulators and standards bodies This book is unique because it is one of the only works on the market based on scientific research principles and practical experience. Beyond the Bodyguard is endorsed by a wide range of industry experts.

Bodyguard: Traitor (Book 8) Aug 03 2020 Top bodyguard recruit Charley hunts down a rock star-obsessed stalker in this electrifying conclusion to *Bodyguard 7: Target*. Perfect for fans of Alex Rider, Tom Clancy's *The Division*, and James Bond. Ash Wild is the most successful teen rock star in history. Millions of fans adore him. But one fanatic wants him dead. Having been tasked to protect Ash in *Bodyguard* book 7, Charley Hunter learns the hard way that it's no simple task keeping up with the demands of a celebrity. Yet she is all the stands between him and the business end of a gun . . . and fame makes for an easy target. Can she spot a killer in a crowd of 50,000 screaming fans before it's too late? Combining pulse-pounding action, diabolical enemies, and an insider's knowledge of the tricks of the trade, this prequel story in the *BODYGUARD* series is the perfect target for fans of Alex Rider, James Bond, Jack Bauer, and Jason Bourne.

Eastern Approaches Aug 23 2019 Fitzroy Maclean was one of the real-life inspirations for super-spy James Bond. After adventures in Soviet Russia before the war, Maclean fought with the SAS in North Africa in 1942. There he specialised in hair-raising commando raids behind enemy lines, including the daring and outrageous kidnapping of the German Consul in Axis-controlled Iraq. Maclean's extraordinary adventures in the Western Desert and later fighting alongside Tito's partisans in Yugoslavia are blistering reading and show what it took to be a British hero who broke the mould . . .

Intelligence Success and Failure Jun 13 2021 The study of strategic surprise has long concentrated on important failures that resulted in catastrophes such as Pearl Harbor and the September 11th attacks, and the majority of previously published research in the field determines that such large-scale military failures often stem from defective information-processing systems. *Intelligence Success and Failure* challenges this common assertion that catastrophic surprise attacks are the unmistakable products of warning failure alone. Further, Uri Bar-Joseph and Rose McDermott approach this topic uniquely by highlighting the successful cases of strategic surprise, as well as the failures, from a psychological perspective. This book delineates the critical role of individual psychopathologies in precipitating failure by investigating important historical cases. Bar-Joseph and McDermott use six particular military attacks as examples for their analysis, including: "Barbarossa," the June 1941 German invasion of the USSR (failure); the fall-winter 1941 battle for Moscow (success); the Arab attack on Israel on Yom Kippur 1973 (failure); and the second Egyptian offensive in the war six days later (success). From these specific cases and others, they analyze the psychological mechanisms through which leaders assess their own fatal mistakes and use the intelligence available to them. Their research examines

the factors that contribute to failure and success in responding to strategic surprise and identify the learning process that central decision makers use to facilitate subsequent successes. *Intelligence Success and Failure* presents a new theory in the study of strategic surprise that claims the key explanation for warning failure is not unintentional action, but rather, motivated biases in key intelligence and central leaders that null any sense of doubt prior to surprise attacks.

Rising Sun Victorious Jun 25 2022 Here is a sideways look at World War II in the Pacific, which gives an exciting view of how the Japanese could have won. Expert military historians examine what would have happened if, for example if the Japanese had conquered India and knocked Britain out of the Pacific War; More...or if Japanese landings in Australia had severed the strategic link between the US and its Southwest Pacific base. The authors, writing as if these world-changing events had really happened, project realistic possibilities based on the true capabilities and circumstances of the forces involved. *Rising Sun Victorious* is essential and stimulating reading for anyone interested in how chances of history affected the outcome of World War II. Scenarios include: Pearl Harbor: Irredeemable Defeat, by Frank Shirer; The Coral Sea Runs Purple: The Japanese Codes are Cracked, by James Arnold; Nagumo's Luck: The Japanese Find The US Navy First at Midway, by Rick Lindsey; Australian Conquest, by John H. Gill; Guadalcanal Evacuation, by John Burt; and Victory Rides the Wind: The Kamikaze Prevents Defeat at Kyushu, by Dennis Giangreco.

The Bodyguard Myth(tm) Feb 21 2022 This book helps dispel many of the myths about being a bodyguard and executive protection. It is based on real-world experience, and the author highlights key aspects to executive protection, with an emphasis on the business aspects of the industry. The EP industry is constantly changing, yet many myths still exist about what it takes to be a successful bodyguard. This book separates fact from fiction and myth from reality in the EP industry. A professional, Certified Protection Operator(R) understands that mind over matter, with mental aptitude, awareness, and training, are more important than just sheer size. This book highlights who needs protection, why, the various types of threats, and how to respond to them. This book is a practical tool EP professionals can use to help gain a better understanding of working in the EP industry, how to gain clients, how to market yourself, and how to succeed in the EP business.

The Way of the Bodyguard Nov 18 2021 To be a bodyguard is unlike any other job. It is the oldest and most dangerous profession, with great rewards and the ultimate risk, death. Nick Spill takes us on an action-packed and at times hilarious journey inside the world of bodyguards where he protects the famous, the infamous and the anonymous. Written for anyone who is curious about bodyguards, *The Way* is an informative and inspirational book that will appeal to male and female readers. More than a manual, the book explores in human terms what it takes to be a winning protector in a dangerous world.

Navy SEAL Bodyguard Sep 23 2019 An undercover mission means deadly danger for one navy SEAL A brand-new Aegis Security romance

After his career as a SEAL is cut short by injury, Spence Lloyd is thrilled when he gets a top secret assignment. But it's hardly the death-defying action he's used to. Instead, Spence must protect a high-ranking admiral's beautiful daughter. As stubborn as she is alluring, Mia Cade presents a unique challenge to her bodyguard—one that will test his head and his heart...

Bodyguard Manual Sep 16 2021 Although military operations against terrorist forces often garner the headlines, those who protect government, military, and business leaders from assassination or kidnapping are also in the front lines against terrorism. Ready and prepared to place his body between his employer and a bullet, the bodyguard must be able to blend into the milieu around his charge, yet be ready to spring into action instantly to counter an attack. Based on techniques of the U.S. Secret Service, U.S. State Department Security, the Special Air Service, the Royal Corps of Military Police, the Metropolitan Police, the KGB and its successor the FSB, France's GSPR, and other protective units around the world, The Bodyguard Manual details the steps a protective team takes to prevent attack as well as the tactics which are employed when it is necessary to counter an attack in progress. From security aboard Concorde, the Orient Express, or the Queen Elizabeth 2, to protecting a military general officer in combat, The Bodyguard Manual allows the reader to "stand post" with the professional bodyguard.

How to Prevent Coups d'État Jun 20 2019 In this lively and provocative book, Erica De Bruin looks at the threats that rulers face from their own armed forces. Can they make their regimes impervious to coups? How to Prevent Coups d'État shows that how leaders organize their coercive institutions has a profound effect on the survival of their

regimes. When rulers use presidential guards, militarized police, and militia to counterbalance the regular military, efforts to oust them from power via coups d'état are less likely to succeed. Even as counterbalancing helps to prevent successful interventions, however, the resentment that it generates within the regular military can provoke new coup attempts. And because counterbalancing changes how soldiers and police perceive the costs and benefits of a successful overthrow, it can create incentives for protracted fighting that result in the escalation of a coup into full-blown civil war. Drawing on an original dataset of state security forces in 110 countries over a span of fifty years, as well as case studies of coup attempts in Asia, Africa, Latin America, and the Middle East, De Bruin sheds light on how counterbalancing affects regime survival. Understanding the dynamics of counterbalancing, she shows, can help analysts predict when coups will occur, whether they will succeed, and how violent they are likely to be. The arguments and evidence in this book suggest that while counterbalancing may prevent successful coups, it is a risky strategy to pursue—and one that may weaken regimes in the long term.

Buddha's Bodyguard Aug 27 2022 An innovative guide to applying the strategies of a bodyguard to create a Buddhist "security plan" for protecting ourselves from suffering • Presents the unique concept of the "bodyguard" and its protection tactics as a metaphor for explaining and implementing Buddhist teachings • Recasts the Four Noble Truths as the Four Noble Tactical Truths, the Eightfold Path as the Eight Tactics Plan, and the notion of Interbeing in the Buddhist world as the Tactics of Interdepending • Offers a new, modern understanding for the new generation of Buddhist practitioners

intrigued by a more Western take on Buddhism Drawing from his extensive experience as a professional protection agent, Jeff Eisenberg uses the tactics and strategies that a bodyguard employs in protecting a client from a threat as a blueprint for creating a Buddhist "security plan." This plan provides the practical tools to protect one's self from the threat of suffering in our world. Using the metaphor of being the Buddha's bodyguard to understand the Buddhist teachings, the book details how to protect our inner "Buddha nature" and secure our mental and emotional wellbeing. We all have the chance to train ourselves to be more proactive in our own safety and avoid becoming a victim. And if we are victimized, this training will prepare us to take appropriate actions that will aid in our ability to survive with much less injury and trauma. As the author affirms: "It is vital to realize that a physical altercation is the last thing that happens in a chain of events. And while we must never blame the victim, our safety is our responsibility. Many situations can be avoided, or their severity greatly lessened, if we pay attention during the chain of events that leads up to it and respond appropriately." While this book is not about personal protection per se, it applies personal protection theory and specific tactics utilized by bodyguards to Buddhist practice, laying out strategies to protect our inner Buddha from attack. Thus the Four Noble Truths are applied to the concept of "threat" in the form of Four Noble Tactical Truths, the Eight Tactics Plan echoes the Eightfold Path, and the Tactics of Interdepending embrace the notion of Interbeing in the Buddhist world. With "paying attention" and mindfulness being key concepts of both a bodyguard's profession and Buddhist practice, this pioneering book speaks to Buddhists and non-Buddhists alike.
