The Far Side of a Dead Beat Dad Apr 09 2021 As a former member of the United States Army Special Forces, David Bryson lived by the motto "De oppresso liber," a Latin phrase that means "to free from oppression" or "to liberate the oppressed." Little did he realize that, years later, he would be fighting to liberate not others but himself

from an unjust governmental system. Slapped with a bill for over \$23,000 in allegedly unpaid child support-- a charge based solely on his ex-wife's testimony--Bryson refused to pay. As a result, his passport was taken away, his wages garnished, his vehicle seized and sold at auction, and his multiple attempts to refute his ex-wife's charges denied. Years later, he refuses to surrender, which means he is still unable to leave the country, own property, or earn a living. Fed up with the systematic fraud and perjury he claims he has encountered throughout the justice system in El Dorado County, California, which has jurisdiction over his case, Bryson has finally decided to take matters into his own hands. In this book, he has published his side of the story, candidly and unedited, including accompanying legal documentation. By doing so, he hopes not only to hold the County of El Dorado accountable for withholding justice in his case but also to prevent other alleged "deadbeat dads" like him from being presumed guilty before they have a chance to prove their innocence.

Naughty Astronautess Mar 20 2022 The entrance of Lilly Linda Le Strange into the front hall of the Essential Center Shopping Mall was no mere pedestrian stroll. First off, she was preceded by the acrobatic antics of the Ninja Fringers who, having seen far too many Kung Fu movies, fairly flew into the fray. This troop of a dozen radical gay activists, lead by Southie's own Paddy O'Punk, did more than act up. They bounced beyond all boundaries in their efforts to assault and reform the politically incorrect. In swept Lilly, striding atop her platform pumps modeled after the pylons of the Mystic River Bridge. She swaggered to the center of the foyer, paused to survey the surroundings and commented, "Nice work boys, now stick close to Mama 'cause the sparks are gonna fly." Naughty Astronautess is a demented farce starring La Diva extraordinaire, Lilly Linda Le Strange as the first drag queen astronautess. This saga follows fast on the heels of The Family Jewels, a gay comedic mystery set in Boston. The series will be concluded with The Mermaid and the Sailor, a romantic romp set in Provincetown. These startling chronicles make up the trilogy, Glamour Galore.

Mind and Heart Feb 19 2022 Lilly has just moved to Middle America and must put her life back together in her mental health practice as a counselor, while the love for a wanted child looms large. She must convince her husband Dillon, a university head coach, that a conspiracy stands in their way for a happy life. Will love be enough to get through the trials that come her way? Mind and Heart is a touching love story with a twist of intrigue.

All Hands on Deck Oct 27 2022 All Hands on Deck tells the story of three teenagers living in the Caribbean. They refurbish and abandoned sailboat and set out on a series of sailing adventures. In 60 pages, the reader becomes part of the crew and helps make decisions resulting in the potential for dozens of such adventures. All Hands on Deck is akin to a board game in book form. Seamanship points are earned along the way, thus making the book educational in nature by surreptitiously teaching sailing concepts. To enhance the educational nature of the book, a glossary of sailing terms is included. Reviewers comment: "... strikingly illustrated..." "... really fun..." "... a children's book that adults will want in their libraries."

Peddling Mental Disorder Jun 18 2019 Psychiatry is a mess. Patients who urgently need help go untreated, while perfectly healthy people are over-diagnosed with serious mental disorders and receive unnecessary medical treatment. The roots of the problem are the vast pharmaceutical industry profits and a diagnostic system—the Diagnostic and Statistical Manual of Mental Disorders (DSM)—vulnerable to exploitation. Drug companies have fostered the development of this system, pushing psychiatry to over-extend its domain so that more people can be diagnosed with mental disorders and treated with drugs. This book describes the steady expansion of the DSM—both the manual itself and its application—and the resulting over-medication of society. The author discusses revisions and additions to the DSM (now in its fifth edition) that have only deepened the epidemics of major depression, premenstrual dysphoric disorder, social anxiety disorder, attention deficit disorder and bipolar disorder.

Handbook of Research on Cultivating Literacy in Diverse and Multilingual Classrooms May 30 2020 Literacy has traditionally been associated with the linguistic and functional ability to read and write. Although literacy, as a fundamental issue in education, has received abundant attention in the last few decades, most publications to date have focused on monolingual classrooms. Language teacher educators have a responsibility to prepare teachers to be culturally responsive and flexible so they can adapt to the range of settings and variety of learners they will encounter in their careers while also bravely questioning the assumptions they are encountering about multilingual literacy development and instruction. The Handbook of Research on Cultivating Literacy in Diverse and Multilingual Classrooms is an essential scholarly publication that explores the multifaceted nature of literacy development across the lifespan in a range of multilingual contexts. Recognizing that literacy instruction in contemporary language classrooms serving diverse student populations must go beyond developing reading and writing abilities, this book sets out to explore a wide range of literacy dimensions. It offers unique perspectives through a critical reflection on issues related to power, ownership, identity, and the social construction of literacy in multilingual societies. As a resource for use in language teacher preparation programs globally, this book will provide a range of theoretical and practical perspectives while creating space for pre- and in-service teachers to grapple with the ideas in light of their respective contexts. The book will also provide valuable insights to instructional designers, curriculum developers, linguists, professionals, academicians, administrators,

researchers, and students.

British Women's Writing from Brontë to Bloomsbury, Volume 1 Jun 30 2020 This five-volume series, *British Women's Writing From Brontë to Bloomsbury, 1840-1940*, historically contextualizes and traces developments in women's fiction from 1840 to 1940. Critically assessing both canonical and lesser-known British women's writing decade by decade, it redefines the landscape of women's authorship across a century of dynamic social and cultural change. With each of its volumes devoted to two decades, the series is wide in scope but historically sharply defined. Volume 1: 1840s and 1850s inaugurates the series by historically and culturally contextualizing Victorian women's writing distinctly within the 1840s and 1850s. Using a range of critical perspectives including political and literary history, feminist approaches, disability studies, and the history of reading, the volume's 16 original essays consider such developments as the construction of a post-Romantic tradition, the politicization of the domestic sphere, and the development of crime and sensation writing. Centrally, it reassesses key mid-nineteenth-century female authors in the context in which they first published while also recovering neglected women writers who helped to shape the literary landscape of the 1840s and 1850s.

The Arsenal Oct 23 2019 Has religion been a masterful deception from the beginning? Do we, as humans, actually own anything, including our souls? Is life after death just an empty promise used to make slaves of us all? If asked, would you accept, then, forever conceal and protect from all intruders, the very thing that will destroy the world if you decline? Would you if you knew other aggressive world powers want it and will stop at nothing to get it? *The Arsenal—Slaves Among us* is a captivating story beginning when ten year old Sheree Anderson is torn from her mother's arms, by her husband, and given to the Company to settle an old debt. Murder, sex, passion, and deception abound just before the Civil War, when three farm families work to get her back, at the same time dealing with their own dark secrets, political ambitions, raiders, and the underground-railroad. Sheree has inherent gifts that the Company plans to use to lure all earthly souls, to attain world dominance. Her father is covertly recruited by the federal government to track down those threatening our United States of America. But who, or what, is our enemy? Can walls have eyes and ears?

The Archaeologist was a Spy Mar 28 2020 Sylvanus G Morley (1883-1948) is widely known as an influential Mayan archaeologist. This intriguing book shows that he was arguably the greatest American spy of World War I. Morley came to the attention of the Office of Naval Intelligence in 1916, when reports that German agents were establishing a Central American base for submarine warfare first surfaced. Morley's field research provided the ideal cover for reconnoitring throughout the region. He made several extended research/intelligence-gathering trips along the Caribbean coast of Central America starting in 1917 and forwarded detailed reports and maps to ONI. While he found no noteworthy German activity, his activities permit the authors of this book to reconstruct the way ONI identified, recruited, placed, and debriefed field agents, nearly 150 of whom, many with academic ties, were funnelling data to ONI by the close of World War I. In a final chapter, Sadler and Harris extend the story of academic participation in intelligence work through the 1930s into the founding of 'Wild Bill' Donovan's Office of Strategic Services (OSS) at the beginning of World War II.

Facing the truth Feb 25 2020 Jenny had her fill of feelings and emotions. She had just been through a tragedy that would engulf her life with questions in the anxiety of learning the truth. She had a loving father, a mother that changed with each season and a mother's love that faded into the past, only to show a glimpse before dying.

Martin was the love of her life, she found disillusionment with that love with learning about a secret love affair to which a child was born. Jenny learned she had a twin sister Abby whom had been exiled from her mother's love and given away. Finding out Abby took her own life, was too much to bear. Exhaustion encrypted her life and claimed her heart. It was as if someone turned the hourglass and the secrets and memories were falling out. Her life as she knew it was falling into a dark hole. Now she had to share in the arrangements for a twin she never knew she had. To have a relationship with a grandfather, whom she thought was her best friend's grandfather and now finding out everyone was uninformed of the truth was complete despair. If the grandfather knew, why didn't he tell the truth, and as far as Jenny felt, he was as guilty as her mother. To live your life believing you were an only child, never having any regrets. Honesty is the only way to live your life. Life had become a battlefield of lies, secrets and regrets. Jenny spoke aloud, "my whole life was a lie, and when the truth was embedded so deep it took a lifetime to surface." Jenny needed to pick up the pieces, but there were so many; could she pick up the pieces? Did she want to, that was up to Jenny to decide.

Negative Space Aug 13 2021 Despite her parents' struggles with addiction, Lilly Dancyger always thought of her childhood as a happy one. But what happens when a journalist interrogates her own rosy memories to reveal the instability around the edges? Dancyger's father, Joe Schactman, was part of the iconic 1980s East Village art scene. He created provocative sculptures out of found materials like animal bones, human hair, and broken glass, and brought his young daughter into his gritty, iconoclastic world. She idolized him—despite the escalating heroin addiction that sometimes overshadowed his creative passion. When Schactman died suddenly, just as Dancyger was entering adolescence, she went into her own self-destructive spiral, raging against a world that had taken her father away. As an adult, Dancyger began to question the mythology she'd created about her father—the brilliant artist, struck down in his prime. Using his sculptures, paintings, and prints as a guide, Dancyger sought out the characters from his world who could help her decode the language of her father's work to find the truth of who he really was.

Guilt May 10 2021 NEW YORK TIMES BESTSELLER In an upscale L.A. neighborhood, a backyard renovation unearths an infant's body, buried sixty years ago. Soon thereafter, in a nearby park, another disturbingly bizarre discovery is made not far from the body of a young woman shot in the head. Helping LAPD homicide detective Milo Sturgis to link these eerie incidents is brilliant psychologist Alex Delaware. But even the good doctor's vast experience with matters both clinical and criminal might not be enough to cut down to the bone of this chilling case. Backtracking six decades into the past stirs up tales of a beautiful nurse with a mystery lover, a handsome, wealthy doctor who seems too good to be true, and a hospital with a notorious reputation—all of them long gone, along with any records of a newborn, and destined for anonymity. But the specter of fame rears its head when the case unexpectedly twists in the direction of the highest echelons of celebrity privilege. Entering this sheltered world, Alex little imagines the macabre layer just below the surface—a decadent quagmire of unholy rituals and grisly sacrifice. Don't miss the excerpt of Jonathan Kellerman's *Killer* in the back of the book! Praise for Jonathan Kellerman and *Guilt* "A solid, poignant tale of violence against the innocent . . . cool, brisk and polished." *The Washington Post* "Action-packed . . . Kellerman proves he can keep readers entertained and engrossed in a story that keeps them on the edge of their seats to the final page." *Wichita Falls Times Record News* "Certainly one of [Kellerman's] best offerings to date . . . Do not miss this one." *Bookreporter* "Jonathan Kellerman's psychology skills and dark imagination are a potent literary mix." *Los Angeles Times* "The combination of Alex Delaware [and] Detective Milo Sturgis . . . makes for the most original whodunit duo since Watson and Holmes." *Forbes* "Jonathan Kellerman's novels are an obsession; once started it is hard to quit." *Orlando Sentinel* "Kellerman doesn't just write psychological thrillers—he owns the genre." *Detroit Free Press*

Aliell Jul 12 2021 Le Sage pose un regard bienveillant sur Aliell et Ethan en leur livrant son message : « Avant d'avoir atteint sa centième année, l'humain n'est encore qu'un enfant dans son développement spirituel. Dans aucun des mondes universels, on ne vit si peu de temps. Il en était de même sur Terre auparavant. Des forces obscurantistes ont bloqué l'évolution pour mieux manipuler l'humain en le maintenant dans l'enfance de son développement. Maintenant, les habitants de la Terre sont en soumission de peur. Ils sont devenus sourds et mal-

voyants. Leur corps et leur esprit ont été pollués par des poisons chimiques et psychiques, qui les maintiennent en état d'esclavage. Afin de détourner leur attention, on leur offre une abondance de jouets, comme à des enfants, ce qui leur donne l'impression de se sentir heureux et riche. Mais ils ont été spoliés, dépouillés de l'Amour et de leur vrai pouvoir de discernement, de choix et de liberté. Déesse-Mère en a assez ! Il est temps de sauver les enfants de la Terre. Voilà votre mission et celle des êtres en devenir. » À PROPOS DE L'AUTEURE Danielle Simonin pratique la méditation ; qui nous relie à tout ce qui nous semble invisible ou impossible. La parution de ses romans : « Aliell ou le parcours d'une âme » et « Aliell entre les mondes », lui ont permis de concrétiser son expérience pour en faire profiter le plus grand nombre.
