College Mathematics for the Managerial, Life, and Social Sciences Sep 25 2019 In
COLLEGE MATHEMATICS FOR THE MANAGERIAL, LIFE, AND SOCIAL
SCIENCES, Soo T. Tan provides an accessible yet accurate presentation of mathematics
combined with just the right balance of applications, pedagogy, and technology to help
students succeed in the course. The new Sixth Edition includes highly interesting current
applications and exercises to help stimulate student motivation. An exciting new array of
supplements provides students with extensive learning support so instructors will have
more time to focus on teaching core concepts.

Slave Stealers Jan 28 2020 Follow two abolitionists who fought one of the most
shockingly persistent evils of the world: human trafficking and sexual exploitation of
slaves. Told in alternating chapters from perspectives spanning more than a century apart,
read the riveting 19th century first-hand account of Harriet Jacobs and the modern-day
eyewitness account of Timothy Ballard. Harriet Jacobs was an African-American, born
into slavery in North Carolina in 1813. She thwarted the sexual advances of her master
for years until she escaped and hid in the attic crawl space of her grandmother's house for
seven years before escaping north to freedom. She published an autobiography of her life,
Incidents in the Life of a Slave Girl, which was one of the first open discussions about
sexual abuse endured by slave women. She was an active abolitionist, associated with
Frederick Douglass, and, during the Civil War, used her celebrity to raise money for
black refugees. After the war, she worked to improve the conditions of newly-freed
slaves. As a former Special Agent for the Department of Homeland Security who has
seen the horrors and carnage of war, Timothy Ballard founded a modern-day
"underground railroad" which has rescued hundreds of children from being fully
enslaved, abused, or trafficked in third-world countries. His story includes the rescue and
his eventual adoption of two young siblings--Mia and Marky, who were born in Haiti.
Section 2 features the lives of five abolitionists, a mix of heroes from past to present, who
call us to action and teach us life lessons based on their own experiences: Harriet

Tubman--The "Conductor"; Abraham Lincoln--the "Great Emancipator"; Little Mia--the sister who saved her little brother; Guesno Mardy--the Haitian father who lost his son to slave traders; and Harriet Jacobs--a teacher for us all.

Risomania Oct 26 2019 Risography, named after the Japanese firm Riso, is a stencil printing process based on screen printing techniques that was developed in the transition phase from mechanical to digital printing. Although the printer looks like a copying machine, the colors are transferred onto the paper without the use of heat or chemicals, saving energy and making the process ecologically friendly. Graphic artists and designers from around the world have now rediscovered the risograph for themselves - along with other machines for similar almost forgotten techniques such as mimeography -and sparked an unexpected renaissance of analog printing. A comprehensive introduction that addresses past, present and future is followed by an essay about the key pioneers in the contemporary risography scene. In the chapter Risoworld notable risography-oriented publishers, printers and design studios from around the world are presented. At the heart of the book are fabulous, hugely diverse examples such as postcards, magazines, posters, flyers and experimental printed products, all of which inspire by the force of their color, their unique textures and, above all, the perfectly imperfect authenticity of risography.

The Change Process in Psychotherapy During Troubling Times Mar 31 2020 The Change Process in Psychotherapy During Troubling Times invites readers to consider what it is psychotherapists do that leads to change. The book highlights different theoretical approaches, questions old paradigms, and illustrates the change process when working with people facing a range of life challenges such as the survivors of childhood trauma, refugees, and people dealing with traumatic loss. Moving between consideration of micro-moments when working with individual clients and bigger questions about how to promote change in the face of current world problems, it addresses issues that touch us all. At the same time, the book acknowledges the unprecedented challenges in today's world such as the pace of change, the thousands of displaced people who seek refuge in other countries, the illness and loss caused by the coronavirus pandemic, and the impact of climate change on lifestyles and the environment. The book presents a topical consideration of the relevance of therapeutic assumptions, theories, and practices to current global crises. With the breadth of presenting issues considered and the examples of a variety of creative approaches supporting change, the book will be useful to psychotherapists in practice and in training working in a range of settings with different populations. It will also be of interest to others working in the helping professions.

Janey the Vet Nov 27 2019 'Janey is like a whirlwind of selflessness. A beautiful spirit in a beautiful country doing a beautiful thing. I encourage my children to be more 'Janey'. With more positive spirits like Janey, the world would be a better place.' - Ben Fogle In 2014 and in her mid-twenties, Janey Lowes had been a vet for just two years when she left her home in County Durham and went travelling. Visiting Sri Lanka, she was horrified to see the state of so many of the island's dogs, in particular the three million strays. Over 5,000 miles from home, Janey decided there and then that she was going to move to the island indefinitely and do everything within her power to help them. She raised £10,000 to get started, setting up a charity called WECare Worldwide, and began work. Frightened, determined and excited all at the same time, she found a local who was willing to work with her and began scouring the streets for dogs in need. Some she patched up as best she could at the roadside, others she brought back and treated in a make-shift surgery she had cobbled together in her new home. With very little equipment, she and her small team came up with new and ingenious ways to treat the animals. In this highly inspiring and heartfelt book full of challenges and adventure, Janey introduces us to her world and the tireless work she carries out. As she says, 'I feel as though all these dogs are my dogs and I have a responsibility to them.' In it, we meet many of the colourful characters who have come to offer help, along with innumerable street dogs who have suffered all sorts of trauma and injury, only to be scooped up by Janey and her team and saved.

Parkland Speaks Dec 29 2019 Featuring art and writing from the students of the Parkland tragedy, this is a raw look at the events of February 14, and a poignant representation of grief, healing, and hope. The students of Marjory Stoneman Douglas High School share their emotional journeys that began on February 14, 2018, and continue today. This revealing and unfiltered look at teens living in the wake of tragedy is a poignant representation of grief, anger, determination, healing, and hope. The intimate collection includes poetry, eyewitness accounts, letters, speeches, journal entries, drawings, and photographs from the events of February 14 and its aftermath. Full of heartbreaking loss, a rally cry for change, and hope for a safe future, these artistic pieces will inspire readers to reflect on their own lives and the importance of valuing and protecting the ones you love.

Alphabeatz Jul 24 2019 Graffiti writing was born in the streets of Philadelphia in the late 1960s. But it was in New York in the early 1970s that it became a full-fledged urban art, gradually taking over the landscape of the city, from its walls to its subway cars. This is a writing manual, a detailed examination of how graffiti writers have developed the twenty-six letters of the alphabet. It includes the contribution of ten of the international scene's most talented creators answer Woshe's questions about matters that include their practice, their relationship with letters and their backgrounds. It includes a map of New York with the sites where the most important graffiti are located.

Breathe Jun 14 2021 Is John Lennon Dead. Could the events of December 8, 1980 actually have been the one event in history that was a hoax and we all just took John Lennon's death at face value? Maybe Mr. Lennon is the one star that is still walking among us. Former Beatle, John Lennon had grown weary of being famous. The title of being a "Beatle" hung around his neck like an albatross. The Beatles hadn't been a group for 10 years and still he and Yoko were hounded by the press and paparazzi. There seemed to be no escape from the scrutiny he and his wife had been experiencing since 1969, until he met Ray Greiner, the owner of Bon Voyage Yacht Club in Rhode Island who would give John a way to vanish into thin air.

Tom Kundig Aug 05 2020 In *Tom Kundig: Works*, the celebrated Seattle-based architect presents nineteen new projects, from Hawaii to New York City. Kundig's award-winning houses, known for their rugged yet elegant and welcoming style, are showcased in lush photography with drawings and sketches, and appear alongside his commercial work—from multistory complexes to the Tacoma Art Museum to a line of hardware (handles, door pulls, hinges, and more). In firsthand accounts, Kundig describes the projects and his design process with many personal anecdotes, making *Tom Kundig: Works* as much memoir as monograph. The book also includes an introduction by design editor Pilar Viladas and in-depth conversations with Kundig's frequent collaborators—"gizmologist" Phil Turner and contractor Jim Dow (Schuchart/Dow)—and clients (Bigwood Residence and Studhorse).

In Mortal Combat Feb 20 2022 A history of the Korean War with soldier's-eye views from both sides, by the Pulitzer Prize-winning author of *The Rising Sun and Infamy*. Pulitzer Prize-winning author John Toland reports on the Korean War in a revolutionary way in this thoroughly researched and riveting book. Toland pored over military archives

and was the first person to gain access to previously undisclosed Chinese records, which allowed him to investigate Chairman Mao's direct involvement in the conflict. Toland supplements his captivating history with in-depth interviews with more than two hundred American soldiers, as well as North Korean, South Korean, and Chinese combatants, plus dozens of poignant photographs, bringing those who fought to vivid life and honoring the memory of those lost. In *Mortal Combat* is comprehensive in its discussion of events deemed controversial, such as American brutality against Korean civilians and allegations of American use of biological warfare. Toland tells the dramatic account of the Korean War from start to finish, from the appalling experience of its POWs to Mao's prediction of MacArthur's Inchon invasion. Toland's account of the "forgotten war" is a must-read for any history aficionado.

Misjudged Jun 22 2019 When a disabled veteran takes a new job as an attorney in a small Wyoming town, he is thrust into a mysterious murder case. "James Chandler's experience as a lawyer and Army veteran shines in every page of his brilliant legal thrillers." --Jason Kasper, USA Today Bestselling Author of *The Spider Heist* Sam Johnstone was hoping for renewal when he took a job at a boutique law firm in rustic Wyoming. The mountains and streams of the west would be a refreshing, quiet place to start over after years of war and turmoil in his personal life. But after a local woman is brutally murdered, Sam realizes that things aren't so quiet in this rural American town. The accused is one Tommy Olsen, a known delinquent who had been sleeping with the victim. Sam is repulsed by the crime and wants nothing to do with the case, but meets with Tommy to make sure he has legal representation. Yet things are not as they seem. What begins as a cut-and-dry case becomes infinitely more complicated as new facts are uncovered, and Sam agrees to serve as Tommy's defense attorney. With the killer's identity still unknown, Sam is enveloped in the small-town politics and courtroom drama of a murder investigation that keeps getting more shocking. But if Sam can't uncover the truth, an innocent man might be punished...while the real killer watches from the shadows.

Gramophone Apr 12 2021

What Makes the Sun So Hot? May 02 2020 *What Makes the Sun So Hot?* is aligned to the Common Core State Standards for English/Language Arts, addressing Literacy.RI.3.1 and Literacy.L.3.5c. Everyone knows that the sun is a big, fiery star, but readers will finally learn why it is so hot in this book with color photographs paired with narrative nonfiction text. This book should be paired with "Mysteries of the Sun" (9781477725931) from the InfoMax Common Core Readers Program to provide the alternative point of view on the same topic.
