**Re-Invent Yourself!** Dec 29 2019 Cheryl Garrison wrote *Re-Invent Yourself* after meeting numerous women over 50 who were struggling with the reality of growing older. Career change (including downsizing or layoff), empty nest syndrome, failed retirement, failed business, failed relationships and a lack of confidence in the future are just some of the issues facing women over 50. Cheryl begins the book sharing with the reader her personal journey from a "bold and fearless" 20-year-old to a 50something woman who has been defeated by life-altering changes. *Re-Invent Yourself* is a working guide that chronicles the steps Cheryl took to re-vitalize her life. Why do we stop dreaming after 50something? Why do we think we are too old to start a business or run a marathon? This book answers these questions and then provides resources to help women live out their dreams and aspirations. The book is filled with personal experiences and is divided into 5 chapters, each designed to move the reader closer to creating a Re-Invention Plan which is the objective of the book. **Know Yourself** - Helps the reader answer the question, "Who are You?" and "What do you Want?." Cheryl believes that at the core of many of the problems women over 50 have is a lack of true identify or an identity that has been lost in the years of giving to others and spending very little time taking care of ourselves. The exercises in this chapter lead women through an assessment of their self-esteem right now and gives techniques for helping them find their true identity. Women completing this chapter will also be able to take a hard look at what they are currently accomplishing in their personal and professional life and begin the process of identifying what they desire to be and do. **Heal Yourself**- How do we overcome the beliefs that have kept us from succeeding? Cheryl carries the reader through extensive exercises that will help them identify the thoughts that have kept them standing in "cement blocks" and then break through to a life of accomplishment. *Re-*

*Invent Yourself*- Readers are given the tools needed to take the wants they have identified as important to them and create a lifestyle plan for re-invention. The plan includes goal creation, identifying timelines, budgeting, and accountability in order to ensure that goals become a reality. The reader will create long-term, short-term and immediate goals that support their overall plan. **Commit Yourself** - The final part of Cheryl's re-invention plan is for the reader to be committed to change. Without making the commitment and being open to change, nothing will change. This chapter encourages the reader to get a digital calendar and keep track of daily progress. The next important part of change is getting an accountability partner who will make the journey with the reader. Finally, surrounding oneself with positive affirmations is an important part in creating lasting and sustained change. Cheryl's goal for the reader after they have completed the book is to celebrate a new life just as she has done. She went from near depression to now writing books, creating training programs, coaching and speaking to women over 50 about living a life of passion and purpose.

**Handel's MESSIAH** Jun 14 2021 An inexpensive, ideal Christmas gift, this book is intended to be read while listening to Handel's MESSIAH. It's small enough to be easily portable to a live setting, and short enough to be a very accessible companion piece while listening to a recording. Subtitled as "didactic" and "meditative," the book is didactic in that it teaches both musicological and theological aspects of Handel's great oratorio; the book is meditative in that the author encourages the reader to approach MESSIAH as a medium of spiritual contemplation. One of the most intriguing and edifying elements of the book is the author's analysis of Handel's "tone painting" and "word painting." Tone painting and word painting refer to a composer's "use of musical gesture(s) in a work with an actual or implied text to reflect, often pictorially, the literal or figurative meaning of a word or phrase." The reader unfamiliar with Handel's use of tone painting and word painting will experience profound new insights to Handel's artistic genius. More importantly, the reader who approaches MESSIAH as a medium of spiritual and scriptural meditation will ascend to new heights of worship through music.

If you're reading this book, there's a good chance you're a Canadian. But what does that mean? There are the stereotypical nods, such as politeness and apologizing, but there's so much more! To be honest, you've probably taken part in (or at least talked about) hockey, poutine, curling, canoes, health care, snowshoes, parkas, camping, beer, road work, Canadian Tire, Slurpees, moose, maple syrup, and Tim Hortons in the last 24 hours. As you read this book, you'll discover new and exciting facts about Canada that simply weren't taught in school. As a History teacher, I found the need to spread the unvarnished truth of this great nation's past. People like Sir John "Eh" MacDonald, Tommy Douglas, and Pierre Trudeau all had a distinct impact on this great country of ours, and part of their stories are included in these pages. Even less-famous folks who helped to shape Canada got a mention: John Humphrey, Laura Secord, and Egerton

The Test of faith course comes with accompanying resources developed by the Faraday Institute for Science and Religion ideally tailored to unpack the issues raised in the documentary. The book tells the stories of the scientists featured in the video materials as they share their life, stories and reflections on science and faith. The study guide allows small groups to explore science-faith issues by choosing topics and discussing them at a level and pace that suits the group. The Leader's guide supplements the study guide with suggested responses to questions, critical background information and opportunities to go deeper while encouraging an open discussion of a range of views.

**Man, Myth, Messiah** May 14 2021 Did Jesus Really Exist? The search for the historical Jesus continues to be headline news. Any speculative theory seems to get instant attention as the debate rages about His real identity and the claims made in His name. Did Jesus really exist? Is there real historical evidence that demonstrates that He lived and actually said and did the things the Gospels record? Is there any validity to the speculative claims that the Jesus story was a myth, borrowed from a variety of pagan cultures of the ancient world? In this follow-up to the book God's Not Dead (that inspired the movie), Man, Myth, Messiah looks at the evidence for the historical Jesus and exposes the notions of skeptics that Jesus was a contrived figure of ancient mythology. It also looks at the reliability of the Gospel records as well as the evidence for the resurrection that validates His identity as the promised Messiah. Man, Myth, Messiah will be released concurrent to the God's Not Dead movie sequel, which will cover the same theme.
