News from Nowhere Feb 24 2020 The book explores a number of aspects of this society, including its organisation and the relationships which it engenders between people. Morris cleverly fuses Marxism and the romance tradition when he presents himself as an enchanted figure in a time and place different from Victorian England. As Morris, the romance character, quests for love and fellowship-and through them for a reborn self-he encounters romance archetypes in Marxist guises. Old Hammond is both the communist educator who teaches Morris the new world and the wise old man of romance. Dick and Clara are good comrades and the married lovers who aid Morris in his wanderings. The

journey on the Thames is both a voyage through society transformed by revolution and a quest for happiness. The goal of the quest, met and found though only transiently, is Ellen, the symbol of the reborn age and the bride the alien cannot win. Ellen herself is a multidimensional figure; a working class woman emancipated under socialism, she is also a benign nature spirit as well as the soul in the form of a woman.[1] The book offers Morris' answers to a number of frequent objections to socialism, and underlines his belief that socialism will entail not only the abolishment of private property but also of the divisions between art, life, and work.

Pies from Nowhere: How Georgia Gilmore Sustained the Montgomery Bus Boycott Nov 03 2020 This stunning picture book looks into the life of Georgia Gilmore, a hidden figure of history who played a critical role in the civil rights movement and used her passion for baking to help the Montgomery Bus Boycott achieve its goal. Georgia decided to help the best way she knew how. She worked together with a group of women and together they purchased the supplies they needed-bread, lettuce, and chickens. And off they went to cook. The women brought food to the mass meetings that followed at the church. They sold sandwiches. They sold dinners in their neighborhoods. As the boycotters walked and walked, Georgia cooked and cooked. Georgia Gilmore was a cook at the National Lunch Company in Montgomery,

Alabama. When the bus boycotts broke out in Montgomery after Rosa Parks was arrested, Georgia knew just what to do. She organized a group of women who cooked and baked to fund-raise for gas and cars to help sustain the boycott. Called the Club from Nowhere, Georgia was the only person who knew who baked and bought the food, and she said the money came from "nowhere" to anyone who asked. When Martin Luther King Jr. was arrested for his role in the boycott, Georgia testified on his behalf, and her home became a meeting place for civil rights leaders. This picture book highlights a hidden figure of the civil rights movement who fueled the bus boycotts and demonstrated that one person can make a real change in her community and beyond. It also includes one of her delicious recipes for kids to try with the help of their parents!

Goodbye from Nowhere Feb 06 2021 Sara Zarr, author of the National Book Award finalist *Story of a Girl*, returns with an intimate, exquisitely crafted novel of the courage it takes to see those we love for who they are. With his older sisters out of the house and friends who don't get it, the only person he can talk to is his cousin Emily—who is always there on the other end

900 Miles from Nowhere May 09 2021 It was on the vast American prairie that people from around the world seized the opportunity for personal and economic freedom promised by free land. Traveling across oceans and continents, these hard-nosed, pragmatic people began arriving in the 1860s with shovels and plows, convinced they were part of something important. They were. Putting hand to plow and breaking the sod for their first crude homes, these hardy settlers left an indelible thumbprint on American history and on the country's character. Though many of their ventures ended in failure, their risks permanently enhanced the nation's diversity and its sense of independence and resourcefulness. 900

Miles from Nowhere is the heartfelt chronicle of the daily lives and personal struggles of Great Plains homesteaders, told in their own voices through many never-before-published letters, diaries, and photographs. Believing absolutely that they could control their own destiny, they bet everything they owned, even in the face of insurmountable obstacles. This is the remarkable and ever-inspiring story of life on the grasslands that stretch from Canada to Mexico.

The House from Nowhere Apr 27 2020 Time-travel continues to exercise its mesmeric fascination upon writers, readers and editors of science fiction alike.

Probably because almost all of us, at one time or another, have longed greatly to visit either the future or the past. Perhaps, in view of the dangerous paradoxes such travel must involve, it is a good thing that such horological journeys have to date been confined to the printed page. New neighbors are always exciting. But the anachronistic MacDonalds offered a bit too much.

News from Nowhere and Other Writings Jul 11 2021 Poet, pattern-designer, environmentalist and maker of fine books, William Morris (1834-96) was also a committed socialist and visionary writer, obsessively concerned with the struggle to achieve a perfect society on earth. *News From Nowhere*, one of the most significant English works on the theme of utopia, is the tale of William Guest, a Victorian who wakes one morning to find himself in the year 2102 and discovers a society that has changed beyond recognition into a pastoral paradise, in which all people live in blissful equality and contentment. A socialist masterpiece, *News From Nowhere* is a vision of a future free from capitalism, isolation and industrialisation. This volume also contains a wide selection of Morris's writings, lectures, journalism and letters, which expand upon the key themes of *News From Nowhere*.

A Thousand Miles from Nowhere Dec 16 2021 A Virginia Book Award Finalist "A beautiful, haunting novel."--Tom Franklin "John Gregory Brown is a writer I've long admired, and this new novel is his best book yet. *A Thousand Miles from Nowhere* is a marvelous depiction of one man's stumbling journey from despair

toward a hard-won redemption."--Ron Rash "You have lost everything, yes?" Everything? Henry thought; he considered the word. Had he lost everything? Fleeing New Orleans as Hurricane Katrina approaches, Henry Garrett is haunted by the ruins of his marriage, a squandered inheritance, and the teaching job he inexplicably quit. He pulls into a small Virginia town after three days on the road, hoping to silence the ceaseless clamor in his head. But this quest for peace and quiet as the only guest at a roadside motel is destroyed when Henry finds himself at the center of a bizarre and violent tragedy. As a result, Henry winds up stranded at the ramshackle motel just outside the small town of Marimore, and it's there that he is pulled into the lives of those around him: Latangi, the motel's recently widowed proprietor, who seems to have a plan for Henry; Marge, a local secretary who marshals the collective energy of her women's church group; and the family of an old man, a prisoner, who dies in a desperate effort to provide for his infirm wife. For his previous novels John Gregory Brown has been lauded for his "compassionate vision of human destiny" as well as his "melodic, haunting, and rhythmic prose." With A THOUSAND MILES FROM NOWHERE, he assumes his place in the tradition of such masterful storytellers as Flannery O'Connor and Walker Percy, offering to readers a tragicomic tour de force about the power of art and compassion and one man's search for faith, love, and redemption.

Miles from Nowhere Nov 15 2021 This is the same amazing story as the current version, but with an updated cover and foreword. If you'd like to read Barbara Savage's two-year around the world bicycle trip now, you can order the current version here. *Miles from Nowhere* is the story of Barbara and Larry Savage's sometimes dangerous, often zany, but ultimately rewarding 23,000-mile bicycle odyssey, which took them through 25 countries in two years. Along the way, these near-neophyte cyclists on their ten-speeds encountered warm-hearted strangers eager to share food and shelter, bicycle-hating drivers who ran them off the road, various wild animals (including an attack camel), rock-throwing Egyptians, overprotective Thai policeman, motherly New Zealanders, meteorological disasters, bodily indignities, and great personal joys. The stress of traveling together constantly tested yet strengthened the young couple's relationship and as their trip ends, you'll find yourself yearning for Barbara and Larry to jump back on their bikes and keep pedaling. Originally published in 1983, *Miles from Nowhere* has provided inspiration for legions of modern travel-adventurers and writers.

Nowhere Girl Dec 24 2019 By the age of nine, I will have lived in more than a dozen countries, on five continents, under six assumed identities. I'll know how a document is forged, how to withstand an interrogation, and most important, how to disappear . . . To the young Cheryl Diamond, life felt like one big adventure, whether she was hurtling down the Himalayas in a rickety car or mingling with underworld fixers. Her family appeared to be an unbreakable gang of five. One day they were in Australia, the next in South Africa, the pattern repeating as they crossed continents, changed identities, and erased their pasts. What Diamond didn't yet know was that she was born into a family of outlaws fleeing from the highest international law enforcement agencies, a family with secrets that would eventually catch up to all of them. By the time she was in her teens, Diamond had lived dozens of lives and lies, but as she grew older, love and trust turned to fear and violence, and her family—the only people she had in the world—began to unravel. She started to realize that her life itself might be a big con, and the people she loved, the most dangerous of all. With no way out and her identity burned so often that she had no proof she even existed, all that was left was a girl from nowhere. Surviving would require her to escape, and to do so Diamond would have to unlearn all the rules she grew up with. Wild, heartbreaking, and often unexpectedly funny, *Nowhere Girl* is an impossible-to-believe true story of self-discovery and triumph.

Numbers from Nowhere Sep 01 2020 In the past forty years an entirely new paradigm has developed regarding

the contact population of the New World. Proponents of this new theory argue that the American Indian population in 1492 was ten, even twenty, times greater than previous estimates. In *Numbers From Nowhere* David Henige argues that the data on which these high counts are based are meager and often demonstrably wrong. Drawing on a wide variety of primary and secondary sources, Henige illustrates the use and abuse of numerical data throughout history. He shows that extrapolation of numbers is entirely subjective, however masked it may be by arithmetic, and he questions what constitutes valid evidence in historical and scientific scholarship.

The Girl From Nowhere May 29 2020 My mother was a prostitute. My grandmother and great-grandmother were prostitutes. Maybe I should have given the family business a chance. To Westerners, being Romani means being wild, romantic and free. To Eliska Tanzer, it means being rented out to dance for older men. It means living without running water. It means not being allowed a job or an education. It means being stuffed into a bare room with all your aunts and cousins, fighting over the thin, stained blanket the way you fight over the last piece of half-mouldy bread. It means joining the family

prostitution ring when you're still a child. But Eliska is given a way out after her mother scrapes together the money to smuggle her out of the country to a new life. Arriving in England in a washing-machine box, she thinks she has made it. But as a young girl alone in a new country, Eliska soon sees her dream turn into a nightmare when she is forced to live and work under unbearable abuse as she tries to forge her way alone. Drawing on the struggles of her Romani ancestors, Eliska is inspired with the strength to carry on. She eventually starts a successful business and becomes an accomplished writer and dancer. *The Girl from Nowhere* is a triumphant story of family, persistence and the meaning of freedom.

From Nowhere to Nowhere Apr 20 2022 Bekim Sejranovic's *From Nowhere to Nowhere* is a subtle yet unforgettable meditation on the factors that shape identity. The novel's unnamed narrator, raised by his grandparents and scattered to the wind from his hometown of Brcko, Bosnia and Herzegovina, during the Yugoslav Wars of the 1990s, travels to Croatia and Norway, trying to reclaim a sense of self he isn't sure he ever possessed in the first place. From his days playing soccer with friends on Unity Street outside his home to Muslim funerals, his job as an interpreter for Balkan refugees, and his fractious relationships with women, a nomadic aesthetic emerges brilliantly rendering what it means to live a life from which you have always been removed.

Miles from Nowhere Jun 29 2020 "In this splendid book a gifted observer and a terrific idea have come together in a real love match. In 1990, a century after the census bureau's famous observation of the frontier's imminent end, Dayton Duncan set out in an aging GMC Suburban to visit a large sampling of counties outside Alaska that have fewer than two persons per square mile the bureau's old standard for places still in a frontier condition. There are 132 such counties. All are in the West. . . . The result of his tour is an insightful and entertaining book, troubling and funny and consistently illuminating. . . . Much of the book's charm comes from Duncan's sketches of people who choose to live 'miles from nowhere' ranchers in the Nebraska sandhills, a New Mexican bar owner, a priest and United Parcel Service driver along the Texas-Mexico border, and the descendant of a Seminole Negro army scout in west Texas. In them he finds characteristics associated with the mythic frontier. . . . Great fun to read." Montana Born and raised in a small town in Iowa, Dayton Duncan has been a reporter, humor columnist, editorial writer, chief of staff to a governor, and deputy press secretary for presidential campaigns. He lives in Walpole, New Hampshire. His books include *Out West: An American Journey*, also available in a Bison Books edition.

News from Nowhere Jul 31 2020 One of the most literary and readable of utopian novels, *News from Nowhere* chronicles the impressions of a nineteenth-century visitor to the twenty-second century, who finds England transformed into a socialist paradise. Morris' idyllic society echoes themes from the writings of Ruskin and Marx but forms a distinctive expression of the author's own egalitarian views. A distillation of Morris' mature reflections on politics, art and society, this work was regarded as an exercise in sentimentality upon its 1890 publication. Modern readers, however, are likely to find resonance in its critique of state socialism and its proposals for an alternative society.
