

Chanakya's Niti Darpan Dec 09 2020 Chanakya the real author of this work, after whose name this book has been named, was one of the Ministers of the Rajah Chandragupta of Magadh Desh, now called Patna, which stands on the banks of the Ganges. It was then an independent sovereignty and ruled by the kings of the Gupta Dynasty, which, on its downfall, was succeeded by the Nanda Dynasty. Chanakya was a great poet and one of the eminent Sanskrit Scholars of his day. Chanakya Niti Darpan means, a looking glass, in which politics by Chanakya may be viewed. It contains 343 couplets and has been divided into 17 chapters, each containing 20 couplets, more or less. This work met with the approval and approbation of every Sanskrit scholar and gained such a publicity that one who had even the least knowledge of the Sanskrit language, could hardly plead his ignorance of this book. Later on, commentaries on Bhasha, or the vernacular language of the country, were published for the use of those who could not understand the original Sanskrit text. Sanskrit Grammar is so difficult that one, without its thorough knowledge, cannot understand Sanskrit sentences or couplets and the perfect mastery of the Grammar means years and years together and sometimes the whole life of a man of middle class intellect.

Chanakya Neeti Oct 31 2022 One of the greatest figures of wisdom and knowledge in the Indian history is Chanakya. Chanakya is regarded as a great thinker and diplomat in India who is traditionally identified as Kautilya or Vishnu Gupta. Originally a professor of economics and political science at the ancient Takshashila University, Chanakya managed the first Maurya Emperor Chandragupta's rise to power at a young age. Instead of acquiring the seat of kingdom for himself, he crowned Chandragupta Maurya as the emperor and served as his chief advisor. Chanakya Neeti is a treatise on the ideal way of life, and shows Chanakya's deep study of the Indian way of life. These practical and powerful strategies provide a path to live an orderly and planned life. If these strategies are followed in any sphere of life, victory is certain. Chanakya also developed Neeti-Sutras (aphorisms ? pithy sentences) that tell people how they should behave. Chanakya used these sutras to groom Chandragupta and other selected disciples in the art of ruling a kingdom. But these sutras are also relevant in this modern age and are very useful for us. For the first time, Chanakya Neeti and Chanakya Sutras are compiled in this book to make Chanakya's invaluable wisdom easily available to the common readers. This book presents Chanakya's powerful strategies and principles in a very lucid manner for the benefit of our valuable readers.

The ARTHASHASTRA Nov 19 2021 An extraordinary detailed manual on statecraft and the science of living by one of classical India's greatest minds; Kautilya; also known as Chanakya and Vishnugupta; wrote the Arthashastra not later than 150 AD though the date has not been conclusively established. Legend has it that he was either a Brahmin from Kerala or from north India; however; it is certain that Kautilya was the man who destroyed the Nanda dynasty and installed Chandragupta Maurya as the King of Magadha. A master strategist who was well-versed in the Vedas and adept at creating intrigues and devising political stratagems; Kautilya's genius is reflected in his Arthashastra which is the most comprehensive treatise of statecraft of classical times. The text contains fifteen books which cover numerous topics viz.; the King; a complete code of law; foreign policy; secret and occult practices and so on. The Arthashastra is written mainly in prose but also incorporates 380 shlokas. Artha; literally wealth; is one of four supreme aims prescribed by Hindu tradition. However; it has a much wider significance and the material well-being of individuals is just a part of it. In accordance with this; Kautilya's Arthashastra maintains that the state or government of a country has a vital role to play in maintaining the material status of both the nation and its people. Therefore; a significant part of the Arthashastra has to do with the science of economics. When it deals with the science of politics; the Arthashastra describes in detail the art of government in its widest sense—the maintenance of law and order as also of an efficient administrative machinery.

Chanakya (c. 350-275 BCE) was an ancient Indian statesman, teacher, philosopher, economist, jurist and royal advisor of the Emperor Chandragupta Maurya. He is traditionally identified as Kautilya or Vishnugupta, who authored the ancient Indian political treatise, the Arthashastra, a text dated to roughly between the 2nd century BCE and the 3rd century CE. Kautilya was born into a Brahmin family. He was originally from Northern India and was a professor of political science and economics at the Taxila University. He had complete knowledge of Vedas. Chanakya is considered as the pioneer of the field of political science and economics in India, and his work is thought of as an important precursor to classical economics. His works were lost near the end of the Gupta Empire and not rediscovered until the early twentieth century. Arthashastra (Plutonomy) and Neetishastra (Ethics or Policies) his two books cover variety of subjects starting with ethics to economics, politics to philosophy, sex to scholastic. On reading his work there is no doubt that he was visionary and his theories of administration are the best. He was responsible for the overthrow of the last ruler of Nanda dynasty at the start of Maurya dynasty. He played very important part in the establishment, growth and preservation of Maurya empire. He was teacher and mentor to the first Maurya emperor Chandragupta Maurya, who was a ordinary man like us. Chanakya was man of great tactics, who made great contributions and was instrumental in changing the course of Indian history forever. It is said that Chanakya had been personally offended by King Nanda and he had vowed to keep his long "Shikha" (Lock of hair) open till the destruction of king Nanda and the drunken princes. Chanakya helped Chandragupta in raising a large army and defeating King Nanda there by fulfilling his vow. Chanakya proved that intelligence is the most powerful weapon because he ruined the already established Kingdom of King Nanda only by his intellectual strength. He even defeated Alexander by his wisdom and policies. Chanakya functioned as Chandragupta's counselor and advised him in all matters related with state and administration. He was a great thinker and diplomat. His intellectual genius commanded great adulation and respect during his time and

subsequent years. He was a great strategist of his time, and also considered as ruthless manipulator who was determined to achieve his goals by using four fold policy of Conciliation, Donation, Punishment and Division ( दण्ड, दान, दण्ड, दण्ड). His works of wisdom are more than 2000 years old, but still his teachings are relevant and useful in today's world.

This entire corpus was referred to as Chanakya Niti. These aphorisms, which continue to be recalled and quoted in many parts of India, primarily deal with everyday living: with family and social surroundings, friends and enemies, wealth and knowledge, and the inevitable end of everything. They also advise on the good and bad in life, proper and improper conduct, and how to manage many difficult situations. A.N.D. Haksar's wonderful translation also places this work into context, showing how these verses have endured in the popular imagination for so long.

Kautilya's Arthashastra Oct 19 2021 Kautilya, also known as Chanakya, is India's most illustrious political economist of all time. He regarded economic activity as the driving force behind the functioning of any political dispensation. In fact, he went to the extent of saying that revenue should take priority over the army because sustaining the army was possible out of a well-managed revenue system. Kautilya advocated limiting the taxation power of the State, having low rates of taxation, maintaining a gradual increase in taxation and most importantly devising a tax structure that ensured compliance. He strongly encouraged foreign trade, basing it on the premise that for a successful trade contract to be established, it had to be beneficial to all. He emphasised State control and investment in land, water and mining. Kautilya was a true statesman who bridged the gap between experience and vision. For Kautilya, good governance was paramount. He suggested built-in checks and balances in systems and procedures for the containment of malpractices. Many postulates of Kautilya's philosophy of political economy are applicable to contemporary times.
