She Reads Truth Aug 05 2020 She wants faith, hope, and love. She wants help and healing. She wants to hear and be heard, to see and be seen. She wants things set right. She wants to know what is true—not partly true, or sometimes true, or almost true. She wants to see Truth itself, face-to-face. But here, now, these things are all cloudy. Hope is tinged with hurt. Faith is shaded by doubt. Lesser, broken things masquerade as love. How does she find something permanent when the world around her is always changing, when not even she can stay the same? And if she finds it, how does she hold on? She Reads Truth tells the stories of two women who discovered, through very different lives and circumstances, that only God and His Word remain unchanged as the world around them shifted and slipped away. Infused with biblical application and Scripture, this book is not just about two characters in two stories, but about one Hero and one Story. Every image points to the bigger picture—that God and His Word are true. Not because of anything we do, but because of who He is. Not once, not occasionally, but right now and all the time. Sometimes it takes everything moving to notice the thing that doesn't move. Sometimes it takes telling two very different stories to notice how the Truth was exactly the same in both of them. For anyone searching for a solid foundation to cling to, She Reads Truth is a rich and honest Bible-filled journey to finally find permanent in a world that's passing away.

The Yellow Wallpaper Illustrated Mar 24 2022 "The Yellow Wallpaper" is a short story by American writer Charlotte Perkins Gilman, first published in January 1892 in The New

England Magazine.[1] It is regarded as an important early work of American feminist literature, due to its illustration of the attitudes towards mental and physical health of women in the 19th century. Narrated in the first person, the story is a collection of journal entries written by a woman whose physician husband (John) has rented an old mansion for the summer. Forgoing other rooms in the house, the couple moves into the upstairs nursery. As a form of treatment, the unnamed woman is forbidden from working, and is encouraged to eat well and get plenty of air, so she can recuperate from what he calls a "temporary nervous depression - a slight hysterical tendency", a diagnosis common to women during that period

Guerrilla Girls: The Art of Behaving Badly Nov 19 2021 Guerrilla Girls: The Art of Behaving Badly is the first book to catalog the entire career of the Guerrilla Girls from 1985 to present. The Guerrilla girls are a collective of political feminist artists who expose discrimination and corruption in art, film, politics, and pop culture all around the world. This book explores all their provocative street campaigns, unforgettable media appearances, and large-scale exhibitions. • Captions by the Guerrilla Girls themselves contextualize the visuals. • Explores their well-researched, intersectional takedown of the patriarchy In 1985, a group of masked feminist avengers—known as the Guerrilla Girls—papered downtown Manhattan with posters calling out the Museum of Modern Art for its lack of representation of female artists. They quickly became a global phenomenon, and the fearless activists have produced hundreds of posters, stickers, and billboards ever since. • More than a monograph, this book is a call to arms. • This career-spanning volume is published to coincide with their 35th anniversary. • Perfect for artists, art lovers, feminists, fans of the Guerrilla Girls, students, and activists • You'll love this book if you love books like Wall and Piece by Banksy, Why We March: Signs of Protest and Hope by Artisan, and Graffiti Women: Street Art from Five Continents by Nicholas Ganz

Fake Photos Jul 16 2021 A concise and accessible guide to techniques for detecting doctored and fake images in photographs and digital media. Stalin, Mao, Hitler, Mussolini, and other dictators routinely doctored photographs so that the images aligned with their messages. They erased people who were there, added people who were not, and manipulated backgrounds. They knew if they changed the visual record, they could change history. Once, altering images required hours in the darkroom; today, it can be done with a keyboard and mouse. Because photographs are so easily faked, fake photos are everywhere—supermarket tabloids, fashion magazines, political ads, and social media. How can we tell if an image is real or false? In this volume in the MIT Press Essential Knowledge series, Hany Farid offers a concise and accessible guide to techniques for detecting doctored and fake images in photographs and digital media. Farid, an expert in photo forensics, has spent two decades developing techniques for authenticating digital images. These techniques model the entire image-creation process in order to find the digital disruption introduced by manipulation of the image. Each section of the book describes a different technique for analyzing an image, beginning with those requiring minimal technical expertise and advancing to those at intermediate and higher levels. There are techniques for, among other things, reverse image searches, metadata analysis, finding image imperfections introduced by JPEG

compression, image cloning, tracing pixel patterns, and detecting images that are computer generated. In each section, Farid describes the techniques, explains when they should be applied, and offers examples of image analysis.

Gender Designs IT Jul 04 2020 How can information technology (IT) paradigms and design processes be studied from a gender perspective? What does IT design look like when its construction is informed by gender research? Though gender research and computing science seem like two separate worlds, this book proves how inspirational a confrontation and combination of those worlds can be. A deconstructive analysis of advanced fields of computing shows the multiple ways in which software design is gendered and how gendering effects are produced by its use. Concepts and assumptions underlying research and development, along with design tools and IT products, teaching methods and materials are studied. The book not only offers a gender analysis of information society technologies, it also shows practical examples of how IT can be different. A gender perspective on IT design can serve as an eye-opener for what tends to be overlooked and left out. It yields innovative ideas and high quality software systems that may empower a large diversity of users for an active participation in our information society.

The Civil Contract of Photography Jul 24 2019 In this groundbreaking work, Ariella Azoulay thoroughly revises our understanding of the ethical status of photography. It must, she insists, be understood in its inseparability from the many catastrophes of recent history. She argues that photography is a particular set of relations between individuals and the powers that govern them and, at the same time, a form of relations among equals that constrains that power. Anyone, even a stateless person, who addresses others through photographs or occupies the position of a photograph's addressee, is or can become a member of the citizenry of photography. The crucial arguments of the book concern two groups that have been rendered invisible by their state of exception: the Palestinian noncitizens of Israel and women in Western societies. Azoulay's leading question is: Under what legal, political, or cultural conditions does it become possible to see and show disaster that befalls those with flawed citizenship in a state of exception? The Civil Contract of Photography is an essential work for anyone seeking to understand the disasters of recent history and the

consequences of how they and their victims are represented.

Performing Hysteria Dec 21 2021 We seem to be living in hysterical times. A simple Google search reveals the sheer bottomless well of "hysterical" discussions on diverse topics such as the #metoo movement, Trumpianism, border wars, Brexit, transgender liberation, Black Lives Matter, COVID-19, and climate change, to name only a few. Against the backdrop of such recent deployments of hysteria in popular discourse—particularly as they emerge in times of material and hermeneutic crisis—Performing Hysteria re-engages the notion of "hysteria". Performing Hysteria rigorously mines late 20th- and early 21st-century (primarily visual) culture for signs of hysteria. The various essays in this volume contribute to the multilayered and complex discussions that surround and foster this resurgent interest in hysteria—covering such areas as art, literature, theatre, film, television, dance; crossing such disciplines as cultural studies, political science, philosophy, history, media, disability, race and ethnicity, and gender studies; and analysing stereotypical images and representations of the hysteric in relation to cultural sciences and media studies. Of particular importance is the volume's insistence on taking the intersection of hysteria and performance seriously.

The Third Rainbow Girl Jun 14 2021 *** A NEW YORK TIMES "100 Notable Books of 2020" *** A stunning, complex narrative about the fractured legacy of a decades-old double murder in rural West Virginia—and the writer determined to put the pieces back together. In the early evening of June 25, 1980 in Pocahontas County, West Virginia, two middle-class outsiders named Vicki Durian, 26, and Nancy Santomero, 19, were

murdered in an isolated clearing. They were hitchhiking to a festival known as the Rainbow Gathering but never arrived. For thirteen years, no one was prosecuted for the “Rainbow Murders” though deep suspicion was cast on a succession of local residents in the community, depicted as poor, dangerous, and backward. In 1993, a local farmer was convicted, only to be released when a known serial killer and diagnosed schizophrenic named Joseph Paul Franklin claimed responsibility. As time passed, the truth seemed to slip away, and the investigation itself inflicted its own traumas—turning neighbor against neighbor and confirming the fears of violence outsiders have done to this region for centuries. In *The Third Rainbow Girl*, Emma Copley Eisenberg uses the Rainbow Murders case as a starting point for a thought-provoking tale of an Appalachian community bound by the false stories that have been told about. Weaving in experiences from her own years spent living in Pocahontas County, she follows the threads of this crime through the complex history of Appalachia, revealing how this mysterious murder has loomed over all those affected for generations, shaping their fears, fates, and desires. Beautifully written and brutally honest, *The Third Rainbow Girl* presents a searing and wide-ranging portrait of America—divided by gender and class, and haunted by its own violence.

***Women Photographers and Feminist Aesthetics* May 02 2020 *Women Photographers and Feminist Aesthetics* makes the case for a feminist aesthetics in photography by analysing key works of twenty-two women photographers, including cis- and trans-woman photographers. Claire Raymond provides close readings of key photographs spanning the history of photography, from nineteenth-century Europe to twenty-first century Africa and Asia. She offers original interpretations of well-known photographers such as Diane Arbus, Sally Mann, and Carrie Mae Weems, analysing their work in relation to gender, class, and race. The book also pays close attention to the way in which indigenous North Americans have been represented through photography and the ways in which contemporary Native American women photographers respond to this history. Developing the argument that through aesthetic force emerges the truly political, the book moves beyond polarization of the aesthetic and the cultural. Instead, photographic works are read for their subversive political and cultural force, as it emerges through the aesthetics of the image. This book is ideal for students of Photography, Art History, Art and Visual Culture, and Gender.**

***Girl Reading* Jul 28 2022 This stunningly original, kaleidoscopic novel is an inspired celebration of women reading and the artists who have caught them in the act—“a vivid portrait of a timeless subject” (Minneapolis Star Tribune). A young orphan poses for a Renaissance maestro in medieval Siena. A servant girl in seventeenth-century Amsterdam snatches a moment away from her work to lose herself in tales of knights and battles. An eighteenth-century female painter completes a portrait of a deceased poetess for her lover. A Victorian medium poses with a book in one of the first photographic studios. A girl suffering her first heartbreak witnesses intellectual and sexual awakening during the Great War. A young woman reading in a bar catches the eye of a young man who takes her picture. And in the not-so-distant future a woman navigates a cyber-reality that has radically altered the way people experience art and life. Each chapter of Katie Ward’s novel immerses readers into the intimate tales behind the creation of seven portraits by artists, ranging from Simone Martini to Pieter Janssens Elinga to a Flickr photographer. In gorgeous prose, Ward explores our points**

of connection, our relationship to art, the history of women, and the importance of reading. Dazzlingly inventive, this is “a fascinating testament to the universal themes of art and literature and the spirit of femininity” (BookPage).

Beyond the Gibson Girl Sep 05 2020 Challenging monolithic images of the New Woman as white, well-educated, and politically progressive, this study focuses on important regional, ethnic, and sociopolitical differences in the use of the New Woman trope at the turn of the twentieth century. Using Charles Dana Gibson's "Gibson Girls" as a point of departure, Martha H. Patterson explores how writers such as Pauline Hopkins, Margaret Murray Washington, Sui Sin Far, Mary Johnston, Edith Wharton, Ellen Glasgow, and Willa Cather challenged and redeployed the New Woman image in light of other "new" conceptions: the "New Negro Woman," the "New Ethics," the "New South," and the "New China." As she appears in these writers' works, the New Woman both promises and threatens to effect sociopolitical change as a consumer, an instigator of evolutionary and economic development, and, for writers of color, an icon of successful assimilation into dominant Anglo-American culture. Examining a diverse array of cultural products, Patterson shows how the seemingly celebratory term of the New Woman becomes a trope not only of progressive reform, consumer power, transgressive femininity, modern energy, and modern cure, but also of racial and ethnic taxonomies, social Darwinist struggle, imperialist ambition, assimilationist pressures, and modern decay.

Girl, Woman, Other Nov 27 2019 NATIONAL BESTSELLER WINNER OF THE BOOKER PRIZE "A must-read about modern Britain and womanhood . . . An impressive, fierce novel about the lives of black British families, their struggles, pains, laughter, longings and loves . . . Her style is passionate, razor-sharp, brimming with energy and humor. There is never a single moment of dullness in this book and the pace does not allow you to turn away from its momentum." —Booker Prize Judges Bernardine Evaristo is the

winner of the 2019 Booker Prize and the first black woman to receive this highest literary honor in the English language. *Girl, Woman, Other* is a magnificent portrayal of the intersections of identity and a moving and hopeful story of an interconnected group of Black British women that paints a vivid portrait of the state of contemporary Britain and looks back to the legacy of Britain's colonial history in Africa and the Caribbean. The twelve central characters of this multi-voiced novel lead vastly different lives: Amma is a newly acclaimed playwright whose work often explores her Black lesbian identity; her old friend Shirley is a teacher, jaded after decades of work in London's funding-deprived schools; Carole, one of Shirley's former students, is a successful investment banker; Carole's mother Bummi works as a cleaner and worries about her daughter's lack of rootedness despite her obvious achievements. From a nonbinary social media influencer to a 93-year-old woman living on a farm in Northern England, these unforgettable characters also intersect in shared aspects of their identities, from age to race to sexuality to class. Sparklingly witty and filled with emotion, centering voices we often see othered, and written in an innovative fast-moving form that borrows technique from poetry, *Girl, Woman, Other* is a polyphonic and richly textured social novel that shows a side of Britain we rarely see, one that reminds us of all that connects us to our neighbors, even in times when we are encouraged to be split apart.

City of Girls Oct 19 2021 AN INSTANT NEW YORK TIMES BESTSELLER! From the # 1 New York Times bestselling author of *Eat Pray Love* and *The Signature of All Things*, a delicious novel of glamour, sex, and adventure, about a young woman discovering that you don't have to be a good girl to be a good person. "A spellbinding novel about love, freedom, and finding your own happiness." - PopSugar "Intimate and richly sensual, razzle-dazzle with a hint of danger." -USA Today "Pairs well with a cocktail...or two." -TheSkimm "Life is both fleeting and dangerous, and there is no point in denying yourself pleasure, or being anything other than what you are." Told from the perspective of an older woman as she looks back on her youth with both pleasure and regret (but mostly pleasure), *City of Girls* explores themes of female sexuality and promiscuity, as well as the idiosyncrasies of true love. In 1940, nineteen-year-old Vivian Morris has just been kicked out of Vassar College, owing to her lackluster freshman-year performance. Her affluent parents send her to Manhattan to live with her Aunt Peg, who owns a flamboyant, crumbling midtown theater called the Lily Playhouse. There Vivian is introduced to an entire cosmos of unconventional and charismatic characters, from the fun-chasing showgirls to a sexy male actor, a grand-dame actress, a lady-killer writer, and no-nonsense stage manager. But when Vivian makes a personal mistake that results in professional scandal, it turns her new world upside down in ways that it will take her years to fully understand. Ultimately, though, it leads her to a new understanding of the kind of life she craves - and the kind of freedom it takes to pursue it. It will also lead to the love of her life, a love that stands out from all the rest. Now eighty-nine years old and telling her story at last, Vivian recalls how the events of those years altered the course of her life - and the gusto and autonomy with which she approached it. "At some point in a woman's life, she just gets tired of being ashamed all the time," she muses. "After that, she is free to become whoever she truly is." Written with a powerful wisdom about human desire and connection, *City of Girls* is a love story like no other.

***Three Girls from Bronzeville* Oct 26 2019 A New York Times and Washington Post Notable Book A Best Book of 2021 by BuzzFeed and Real Simple A “beautiful, tragic, and inspiring” (Publishers Weekly, starred review) memoir about three Black girls from the storied Bronzeville section of Chicago that offers a penetrating exploration of race, opportunity, friendship, sisterhood, and the powerful forces at work that allow some to flourish...and others to falter. They were three Black girls. Dawn, tall and studious; her sister, Kim, younger by three years and headstrong as they come; and her best friend, Debra, already prom-queen pretty by third grade. They bonded—fervently and intensely in that unique way of little girls—as they roamed the concrete landscape of Bronzeville, a historic neighborhood on Chicago’s South Side, the destination of hundreds of thousands of Black folks who fled the ravages of the Jim Crow South. These third-generation daughters of the Great Migration come of age in the 1970s, in the warm glow of the recent civil rights movement. It has offered them a promise, albeit nascent and fragile, that they will have more opportunities, rights, and freedoms than any generation of Black Americans in history. Their working-class, striving parents are eager for them to realize this hard-fought potential. But the girls have much more immediate concerns: hiding under the dining room table and eavesdropping on grown folks’ business; collecting secret treasures; and daydreaming about their futures—Dawn and Debra, doctors, Kim a teacher. For a brief, wondrous moment the girls are all giggles and dreams and promises of “friends forever.” And then fate intervenes, first slowly and then dramatically, sending them careening in wildly different directions. There’s heartbreak, loss, displacement, and even murder. Dawn struggles to make sense of the shocking turns that consume her sister and her best friend, all the while asking herself a simple but profound question: Why? In the vein of *The Other Wes Moore* and *The Short and Tragic Life of Robert Peace*, *Three Girls from Bronzeville* is a piercing memoir that chronicles Dawn’s attempt to find answers. It’s at once a celebration of sisterhood and friendship, a testimony to the unique struggles of Black women, and a tour-de-force about the complex interplay of race, class, and opportunity, and how those forces shape our lives and our capacity for resilience and redemption.**

The Sleeping Beauties Sep 25 2019 In Sweden, hundreds of refugee children fall into a state that resembles sleep for months or years at a time. In Le Roy, a town in upstate New York, teenage girls develop involuntary twitches and seizures that spread like a contagion. In the U.S. Embassy in Cuba, employees experience headaches and memory loss after hearing strange noises during the night. These are only a few of the many suspected culture-bound psychosomatic syndromes—specific sets of symptoms that exist in a particular culture or environment—that affect people throughout the world. In The Sleeping Beauties, Dr. Suzanne O'Sullivan—an award-winning Irish neurologist—investigates psychosomatic disorders, traveling the world to visit communities suffering from these so-called mystery illnesses. From a derelict post-Soviet mining town in Kazakhstan to the Mosquito Coast of Nicaragua to the heart of the María Mountains in Colombia, O'Sullivan records the remarkable stories of syndromes related to her by people from all walks of life. Riveting and often distressing, these case studies are recounted with compassion and humanity. In examining the complexity of psychogenic illness, O'Sullivan has written a book of both fascination and serious concern as these syndromes continue to proliferate around the globe.

Justine Kurland: Girl Pictures (Signed Edition) Nov 07 2020 The North American frontier is an enduring symbol of romance, rebellion, escape, and freedom. At the same time, it's a profoundly masculine myth--cowboys, outlaws, Beat poets. Photographer Justine Kurland reclaimed this space in her now-iconic series of images of teenage girls, taken between 1997 and 2002 on the road in the American wilderness. "I staged the girls as a standing army of teenaged runaways in resistance to patriarchal ideals," says Kurland. She portrays the girls as fearless and free, tender and fierce. They hunt and explore, braid each other's hair, and swim in sun-dappled watering holes--paying no mind to the camera (or the viewer). Their world is at once lawless and utopian, a frontier Eden in the wild spaces just outside of suburban infrastructure and ideas. Twenty years on, the series still resonates, published here in its entirety and including newly discovered, unpublished images.

Francesca Woodman and the Kantian Sublime Mar 31 2020 In her feminist inquiry into aesthetics and the sublime, Claire Raymond reinterprets the work of the American photographer Francesca Woodman (1958-1981). Placing Woodman in a lineage of women artists beginning with nineteenth-century photographers Julia Margaret Cameron and Clementina, Viscountess Hawarden, Raymond compels a reconsideration of Woodman's achievement in light of the gender dynamics of the sublime. Raymond argues that Woodman's photographs of decrepit architecture allegorically depict the dissolution of the frame, a dissolution Derrida links to theories of the sublime in Kant's Critique of Judgement. Woodman's self-portraits, Raymond contends, test the parameters of the gaze, a reading that departs from the many analyses of Woodman's work that emphasize her dramatic biography. Woodman is here revealed as a conceptually sophisticated artist whose deployment of allegory and allusion engages a broader debate about Enlightenment aesthetics, and the sublime.
