Goodbye Letter Mar 20 2022 Concrete and permutational poems celebrating a serene atrophy of language, from the author of *My Vibe* In his latest collection, *Goodbye Letter*, New York-based poet Jeremy Sigler (born 1968) deconstructs his very will to write, as he articulates, verbally and graphically, the implied obsolescence of language itself. The book feels less like a proper literary work (a book of poetry) and more like a manual for poetic survival. One poem reads like some sort of linguistic code that manages to murmur "it is what it is"; another is more classically "concrete," reflecting on typewriter and pattern poems of past centuries; and another consists of a complete signature of unmarked blank pages (they await being torn out and curled up into a loose tube) as was the 19th-century prototype for the stethoscope, but used this time to listen in on the poet's "speaking" heart. Sigler's newest collection may be seen as a field guide to a poet's last gasp.

What I Know Now Aug 01 2020 If you could send a letter back through time to your younger self, what would the letter say? In this moving collection, forty-one famous women write letters to the women they once were, filled with advice and insights they wish they had had when they were younger. Today show correspondent Ann Curry writes to herself as a rookie reporter in her first job, telling herself not to change so much to fit in, urging her young self, "It is time to be bold about who you really are." Country music superstar Lee Ann Womack reflects on the stressed-out year spent recording her first album and encourages her younger self to enjoy the moment, not just the end result. "Your hair matters far, far less than you think," is the wry advice that begins the letter bestselling mystery writer Lisa Scottoline pens to her twenty-year old self. And Maya Angelou, leaving home at seventeen with a newborn baby in her arms, assures herself she will succeed on her own, even if she does return home every now and then. These remarkable women are joined by Madeleine Albright, Queen Noor of Jordan, Cokie Roberts, Naomi Wolf, Eileen Fisher, Jane Kaczmarek, Olympia Dukakis, Macy

Gray, and many others. Their letters contain rare glimpses into the personal lives of extraordinary women and powerful wisdom that readers will treasure. Wisdom from What I Know Now “Don’t let anybody raise you. You’ve been raised.” –Maya Angelou “Try more things. Cross more lines.” –Breena Clarke “Learn how to celebrate.” –Olympia Dukakis “You don’t have to be afraid of living alone.” –Eileen Fisher “Please yourself first...everything else follows.” –Macy Gray “Don’t be so quick to dismiss another human being.” –Barbara Boxer “Work should not be work.” –Mary Matalin “You can leave the work world—and come back on your own terms.” –Cokie Roberts “Laundry will wait very patiently.” –Nora Roberts “Your hair matters far, far less than you think” –Lisa Scottoline “Speak the truth but ride a fast horse.” –Kitty Kelley

Stravinsky Sep 02 2020 Widely regarded the greatest composer of the twentieth century, Igor Stravinsky was central to the development of modernism in art. Deeply influential and wonderfully productive, he is remembered for dozens of masterworks, from *The Firebird* and *The Rite of Spring* to *The Rake's Progress*, but no dependable biography of him exists. Previous studies have relied too heavily on his own unreliable memoirs and conversations, and until now no biographer has possessed both the musical knowledge to evaluate his art and the linguistic proficiency needed to explore the documentary background of his life--a life whose span extended from tsarist Russia to Switzerland, France, and ultimately the United States. In this revealing volume, the first of two, Stephen Walsh follows Stravinsky from his birth in 1882 to 1934. He traces the composer's early Russian years in new and fascinating detail, laying bare the complicated relationships within his family and showing how he first displayed his extraordinary talents within the provincial musical circle around his teacher, Nikolay Rimsky-Korsakov. Stravinsky's brilliantly creative involvement with the Ballets Russes is illuminated by a sharp sense of the internal artistic politics that animated the group. Portraying Stravinsky's circumstances as an émigré in France trying to make his living as a conductor and pianist as well as a composer while beset by emotional and financial demands, Walsh reveals the true roots of his notorious obsession with money during the 1920s and describes with sympathy the nature of his long affair with Vera Sudeykina. While always respecting Stravinsky's own insistence that life and art be kept distinct, Stravinsky makes clear precisely how the development of his music was connected to his life and to the intellectual environment in which he found himself. But at the same time it demonstrates the composer's remarkably pragmatic psychology, which led him to consider the welfare of his art to be of paramount importance, before which everything else had to give way. Hence, for example, his questionable attitude toward Hitler and Mussolini, and his reputation as a touchy, unpredictable man as famous for his enmities as for his friendships. Stephen Walsh, long established as an expert on

Stravinsky's music, has drawn upon a vast array of material, much of it unpublished or unavailable in English, to bring the man himself, in all his color and genius, to glowing life. Written with elegance and energy, comprehensive, balanced, and original, Stravinsky is essential reading for anyone interested in the adventure of art in our time. Praise from the British press for Stephen Walsh's *The Music of Stravinsky* "One of the finest general studies of the composer." --Wilfrid Mellers, composer, *Times Literary Supplement* "The beautiful prose of *The Music of Stravinsky* is itself a fund of arresting images. For those who already love Stravinsky's music, Walsh's essays on each work will bring a smile of recognition and joy at new kernels of insight. For those unfamiliar with many of the works he discusses, Walsh's commentaries are likely to whet appetites for performances of the works." --John Shepherd, *Notes* "This book sent me scurrying back to the scores and made me want to recommend it to other people. Above all, it is a good read." --Anthony Pople, *Music and Letters*

Short Letter, Long Farewell May 22 2022 By Nobel Prize Winner Peter Handke *Short Letter, Long Farewell* is one the most inventive and

exhilarating of the great Peter Handke's novels. Full of seedy noir atmospherics and boasting an air of generalized delirium, the book starts by introducing us to a nameless young German who has just arrived in America, where he hopes to get over the collapse of his marriage. No sooner has he arrived, however, than he discovers that his ex-wife is pursuing him. He flees, she follows, and soon the couple is running circles around each other across the length of America—from Philadelphia to St. Louis to the Arizona desert, and from Portland, Oregon, to L.A. Is it love or vengeance that they want from each other? Everything's spectacularly unclear in a book that is travelogue, suspense story, domestic comedy, and Western showdown, with a totally unexpected Hollywood twist at the end. Above all, *Short Letter, Long Farewell* is a love letter to America, its landscapes and popular culture, the invitation and the threat of its newness and wildness and emptiness, with the promise of a new life—or the corpse of an old one—lying just around the corner.

If You're Reading This . . . Apr 21 2022 "In this brilliant and profoundly moving collection of farewell letters written by servicemen and women to their loved ones, *Sin Price* offers a remarkable insight into the hearts and minds of some of the soldiers, sailors and airmen of the past three hundred years. Each letter provides an enduring snapshot of an impossible moment in time when an individual stares death squarely in

the face. Some were written or dictated as the person lay mortally wounded; many were written on the eve of a great charge or battle; others were written by soldiers who experienced premonitions of their death, or by kamikaze pilots and condemned prisoners. They write of the grim realities of battle, of daily hardships, of unquestioning patriotism or bitter regrets, of religious fervor or political disillusionment, of unrelenting optimism or sinking morale and above all, they write of their love for their family and the desire to return to them one day. Be it an epitaph dictated on a Napoleonic battlefield, a staunch, unsentimental letter written by a Victorian officer, or an email from a soldier in modern day Afghanistan, these voices speak eloquently and forcefully of the tragedy of war and answer that fundamental human need to say goodbye."
