[The Law Society of Upper Canada and Ontario's Lawyers, 1797-1997](#) Jul 24 2019 At the end of the eighteenth century, when ten lawyers gathered in what is now Niagara-on-the-Lake to form the Law Society of Upper Canada, they were creating something new in the world: a professional organization with statutory authority to control its membership and govern its own affairs. Today's Law Society of Upper Canada, with more than 25,000 members, still wields these powers. Marking the bicentennial of the society's foundation, Christopher Moore's history begins by exploring the unprecedented step taken in 1797 and follows the evolution of lawyers' work and the idea of professional autonomy through two hundred years of growth and change. The Law Society of Upper Canada and Ontario's Lawyers is a broad-ranging story of the growth and development of the Law Society and the legal profession, from the days when horseback barristers travelled the backwoods by horseback, through the reforms of the late nineteenth century to the period of reaction between the two world wars and the long struggle of women and minorities for access to and equity in the legal profession. Writing in a style that is scholarly as well as entertaining, Moore traces to the present a story rich in personalities, and shows how, after a period of tremendous growth and change, questions of governance, legal aid, and practice insurance triggered a series of crises that rocked the society to its foundations. This is the first study to be based on full access to the society's two hundred years of historical records. Moore, who has organized his research into themes and periods to illuminate the story, also includes new material on the lives and careers of Ontario lawyers and on the place of the Law Society in professional and public life. Readable and extensively illustrated, The Law Society of Upper Canada and Ontario's Lawyers shows that such issues as professional autonomy and the internal organization, at the forefront of debate at the society's inception, continue to dominate discussions today.

The Eterna Files Nov 07 2020 Appointed by Queen Victoria to a special division of the Metropolitan police to investigate paranormal phenomena, skeptic Harold Spire and believer Rose Everhart team up to find a survivor from a laboratory that was researching immortality.

**American Philanthropy at Home and Abroad** Jan 22 2022 American Philanthropy at Home and Abroad explores the different ways in which charities, voluntary associations, religious organisations, philanthropic foundations and other non-state actors have engaged with traditions of giving. Using examples from the late eighteenth century to the Cold War, the collection addresses a number of major themes in the history of philanthropy in the United States. These examples include the role of religion, the significance of cultural networks, and the interplay between civil diplomacy and international development, as well as individual case studies that challenge the very notion of philanthropy as a social good. Led by Ben Offiler and Rachel Williams, the authors demonstrate the benefits of embracing a broad definition of philanthropy, examining how American concepts including benevolence and charity have been used and interpreted by different groups and individuals in an effort to shape – and at least nominally to improve – people's lives both within and beyond the United States.

*Model Rules of Professional Conduct* Jun 26 2022 The Model Rules of Professional Conduct provides an up-to-date resource for information on legal ethics. Federal, state and local courts in all jurisdictions look to the Rules for guidance in solving lawyer malpractice cases, disciplinary actions, disqualification issues, sanctions questions and much more. In this volume, black-letter Rules of Professional Conduct are followed by numbered Comments that explain each Rule's purpose and provide suggestions for its practical application. The Rules will help you identify proper conduct in a variety of given situations, review those instances where discretionary action is possible, and define the nature of the relationship between you and your clients, colleagues and the courts.

Quantum of Nightmares Aug 29 2022 A unique blend of espionage thrills and Lovecraftian horror, Hugo Award-winning author Charles Stross's Laundry Files continues with Quantum of Nightmares. It's a brave new Britain under the New Management. The avuncular Prime Minister is an ancient eldritch god of unimaginable power. Crime is plummeting as almost every offense is punishable by death. And everywhere you look, there are people with strange powers, some of which they can control, and some, not so much. Hyperorganized and formidable, Eve Starkey defeated her boss, the louche magical adept and billionaire Rupert de Montfort Bigge, in a supernatural duel to the death. Now she's in charge of the Bigge Corporation—just in time to discover the lethal trap Rupert set for her long ago. Wendy Deere's transhuman abilities have gotten her through many a scrape. Now she's gainfully employed investigating unauthorized supernatural shenanigans. She swore to herself she wouldn't again get entangled with Eve Starkey's bohemian brother Imp and his crew of transhuman misfits. Yeah, right. Mary Macandless has powers of her own. Right now she's pretending to be a nanny in order to kidnap the children of a pair of famous, Government-authorized superheroes. These children have powers of their own, and Mary Macandless is in way over her head. Amanda Sullivan is the HR manager of a minor grocery chain, much oppressed by her glossy blonde boss—who is cooking up an appalling, extralegal scheme literally involving human flesh. All of these stories will come together, with world-bending results... "For all of Stross's genuine ability to spook and dismay, The Laundry Files are some of the most tremendously humane books I've ever read." —Tamsyn Muir, author of Gideon the Ninth and Harrow the Ninth At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

**Zack Files 11: How to Speak to Dolphins in Three Easy Lessons** Sep 29 2022 When Zack is given the chance to swim with dolphins on a trip to Florida, he dives right in. But before long, Zack is surprised to find that the dolphins are trying to tell him something ? and even more surprised that he can understand and talk to them! There's definitely something fishy going on here! Could it be genuine animal communication? And can Zack and his new friends get their signals straight and salvage an old sunken ship filled with treasure?

Linux Pocket Guide Jun 22 2019 O'Reilly's Pocket Guides have earned a reputation as inexpensive, comprehensive, and compact guides that have the stuff but not the fluff. Every page of Linux Pocket Guide lives up to this billing. It clearly explains how to get up to speed quickly on day-to-day Linux use. Once you're up and running, Linux Pocket Guide provides an easy-to-use reference that you can keep by your keyboard for those times when you want a fast, useful answer, not hours in the man pages. Linux Pocket Guide is organized the way you use Linux: by function, not just alphabetically. It's not the 'bible of Linux'; it's a practical and concise guide to the options and commands you need most. It starts with general concepts like files and directories, the shell, and X windows, and then presents detailed overviews of the most essential commands, with clear examples. You'll learn each command's purpose, usage, options, location on disk, and even the RPM package that installed it. The Linux Pocket Guide is tailored to Fedora Linux--the latest spin-off of Red Hat Linux--but most of the information applies to any Linux system. Throw in a host of valuable power user tips and a friendly and accessible style, and you'll quickly find this practical, to-the-point book a small but mighty resource for Linux users.
